ORDINANCE NO. 1355

AN ORDINANCE REPLACING AND SUPERSEDING CHAPTER 57 OF THE MUNICIPAL CODE OF THE TOWNSHIP OF LITTLE FALLS IN ITS ENTIRETY REGARDING THE TOWNSHIP'S AFFORDABLE HOUSING DEVELOPMENT FEES

BE IT ORDAINED by the governing body of the Township of Little Falls, Passaic County, New Jersey, that Chapter 57 of the Municipal Code of the Township of Little Falls, is hereby replaced and superseded in its entirety, with this Ordinance, to address the Township's Affordable Housing Development Fee requirements. This Ordinance shall apply except where inconsistent with applicable law.

57-1.1 Findings and Purpose.

- a. In Holmdel Builder's Ass'n v. Holmdel Township, 121 N.J. 550 (1990), the New Jersey Supreme Court determined that mandatory development fees are authorized by the Fair Housing Act of 1985 (the Act), N.J.S.A. 52:27d-301 et seq., and the State Constitution, subject to the Council on Affordable Housing's (COAH's) adoption of rules.
- b. Pursuant to P.L.2008, c.46 Section 8 (C. 52:27D-329.2) and the Statewide Non-Residential Development Fee Act (C. 40:55D-8.1 through 8.7), COAH was authorized to adopt and promulgate regulations necessary for the establishment, implementation, review, monitoring and enforcement of municipal affordable housing trust funds and corresponding spending plans. Municipalities that are under the jurisdiction of the Council or a Court of competent jurisdiction and have an approved spending plan may retain fees collected from non-residential development.
- c. This ordinance establishes standards for the collection, maintenance, and expenditure of development fees pursuant to COAH's regulations and in accordance with P.L.2008, c.46, Sections 8 and 32-38. Fees collected pursuant to this ordinance shall be used for the sole purpose of providing low- and moderate- income housing. This ordinance shall be interpreted within the framework of COAH's prior round rules on development fees, codified at N.J.A.C. 5:93-8, and P.L.2008, c.46, Section 8 (C. 52:27D-329.2) and the Statewide Non-Residential Development Fee Act (C. 40:55D-8.1 through 8.7).

57-1.2 Basic Requirements

- a. This ordinance shall not be effective until approved by the Court.
- b. The Township of Little Falls shall not spend development fees until the Court has approved a plan for spending such fees in conformance with N.J.A.C. 5:93-5.1(c).

57-1.3 Definitions.

The following terms, as used in this ordinance, shall have the following meanings:

"Affordable housing development" means a development included in the Housing Element and Fair Share Plan, and includes, but is not limited to, an inclusionary development, a municipal construction project or a 100 percent affordable development.

"COAH" or the "Council" means the New Jersey Council on Affordable Housing established under the Fair Housing Act.

"Development fee" means money paid by a developer for the improvement of property as permitted in N.J.A.C. 5:93-8.

"Developer" means the legal or beneficial owner or owners of a lot or of any land proposed to be included in a proposed development, including the holder of an option or contract to purchase, or other person having an enforceable proprietary interest in such land.

"Equalized assessed value" means the assessed value of a property divided by the current average ratio of assessed to true value for the municipality in which the property is situated, as determined in accordance with sections 1, 5 and 6 of P.L.1973, c.123 (C. 54:1-35a through C. 54:1-35c).

"Green building strategies" means those strategies that minimize the impact of development on the environment, and enhance the health, safety and well-being of residents by producing durable, low- maintenance, resource-efficient housing while making optimum use of existing infrastructure and community services.

57-1.4 Residential Development Fees.

a. Imposed Fees

- 1. Within all zoning district(s), residential developers, except for developers of the types of development specifically exempted below, shall pay a fee of one and one-half percent (1.5%) of the equalized assessed value for residential development provided no increased density is permitted.
- 2. When an increase in residential density pursuant to N.J.S.A. 40:55D-70d(5) (known as a "d" variance) has been permitted, developers may be required to pay a development fee of six (6%) percent of the equalized assessed value for each additional unit that may be realized. However, if the zoning on a site has changed during the two-year period preceding the filing of such a variance application, the base density for the purposes of calculating the bonus development fee shall be the highest density permitted by right during the two-year period preceding the filing of the variance application.
Example: If an approval allows four units to be constructed on a site that was zoned for two units, the fees could equal one and one-half (1.5%) percent of the equalized assessed value on the first two units; and the specified higher percentage up to six percent of the equalized assessed value for the two additional units, provided zoning on the site has not changed during the two-year period preceding the filing of such a variance application.
- 3. Eligible exactions, ineligible exactions, and exemptions for residential development.
 - i. Affordable housing developments and developments where the developer has made a payment in lieu of on-site construction of affordable units shall be exempt from development fees.
 - ii. Developments that have received preliminary or final site plan approval prior to the adoption of a municipal development fee ordinance shall be exempt from development fees, unless the developer seeks a substantial change in the approval. Where a site plan approval does not apply, a zoning and/or building permit shall be synonymous with preliminary or final site plan approval for this purpose. The fee percentage shall be vested on the date that the building permit is issued.
 - iii. Development fees shall be imposed and collected when an existing structure **undergoes a change to a more intense use, is demolished and replaced** - The development fee shall be calculated on the increase in the equalized assessed value of the improved or replaced structure as compared to the previous structure. **Improvements to and expansions of existing residential structures which increase the living space by less than 20% and/or the volume of the existing structure by less than 20% shall be exempt from paying a development fee.**
 - iv. Homes replaced as a result of a natural disaster (such as a fire or flood) shall be exempt from the payment of a development fee.

 - ii. Non-residential developers, except for developers of the types of development specifically exempted below, shall also pay a fee equal to two and one-half percent (2.5%) of the increase in equalized assessed value resulting from any additions to existing structures to be used for non-residential purposes.
 - iii. Development fees shall be imposed and collected when an existing structure is demolished and replaced. The development fee of two and a half percent (2.5%) shall be calculated on the difference between the equalized assessed value of the pre-existing land and improvement and the equalized assessed value of the newly improved structure, i.e. made an improvement, at the time final certificate of occupancy is issued. If the calculation required under this section results in a negative number, the non-residential development fee shall be zero.
2. Eligible exactions, ineligible exactions, and exemptions for non-residential development.
 - i. **The non-residential portion of a mixed-use inclusionary or market rate development** shall be subject to the two and a half percent (2.5%) development fee, unless otherwise exempted below.

Non-residential developments shall be exempt from the payment of non-residential development fees in accordance with the exemptions required pursuant to P.L.2008, c.46, as specified in the Form N-RDF "State of New Jersey Non-Residential Development Certification/Exemption" Form. Any exemption claimed by a developer shall be substantiated by that developer.
 - iv. A developer of a non-residential development exempted from the non-residential development fee pursuant to P.L.2008, c.46 shall be subject to it at such time the basis for the exemption no longer applies, and shall make the payment of the non-residential development fee, in that event, within three years after that event or after the issuance of the final certificate of occupancy of the **non-residential development, whichever is later.**
 - v. If a property which was exempted from the collection of a non-residential development fee thereafter ceases to be exempt from property taxation, the owner of the property shall remit the fees required pursuant to this section within 45 days of the termination of the property tax exemption. Unpaid non-residential development fees under these circumstances may be enforceable by the Township of Little Falls as a lien against the real property of the owner.

Should the Township of Little Falls fail to determine or notify the developer of the amount of the development fee within 10 business days of the request for final inspection, the developer may estimate the amount due and pay that estimated amount consistent with the dispute process set forth in subsection b. of section 37 of P.L.2008, c.46 (C.40:55D-8.6).
