# **APPLICATIONS:**

<u>Rasha Basuf and Nazir Alwazzour</u> – 45 Wilmore Road (Block 121, Lots 11 and 12). "C" variance relief to permit the construction of an addition to single family home requiring bulk variances and floor area variance relief.

John Veteri, Jr., Esq., attorney for the applicants came forward to state that the applicants are seeking floor area ratio variance and "c" variance relief to permit an addition on a single-family dwelling. He stated that the applicants just bought the property about 2 months ago and the premises is in disrepair, small and outdated. He also said that the applicants want to move the front entrance to Third Avenue.

Nassir Almukhtar, Architect, stated that he prepared the plans and provided an overview of the interior of the dwelling. He stated that they want to make it a colonial style home with a detached garage, and the first floor will consist of the living room, dining room k kitchen and powder room with a door to the garage. The second floor will contain 5 bedrooms (4 for the children and 1 master bedroom). Also, the second floor will have 2 bathrooms and a laundry room. He said that he has reviewed the report of the Board's engineer as well as Philip Simone's report and stated that the applicant will comply with the items contained in both reports. He said that there are pre-existing non-conformities such as: Minimum lot area 6,571 sq. ft. is existing (9,000 sq. ft. is required), and minimum lot width 50 sq. ft. is existing (75 sq. ft. is required). The following "C" variances are also required: minimum front yard setback 7.69 sq. ft. is existing and proposed, and 5.76 sq. ft. is proposed (25 sq. ft. is required); minimum side yard setback 8.74 sq. ft. is existing and proposed (10 sq. ft. Is required); and minimum corner yard lot setback 11.28 sq. ft. is existing and proposed (20 sq. ft. is required). He further stated that the applicants will eliminate the detached garage and provide for an attached two-car garage with access on Third Avenue.

This portion of the meeting was opened to the public of questions of Mr. Almukhtar. No one coming forward, this portion of the meeting was closed to the public.

Mr. Veteri stated that this application is a good addition for the home and works well on the lot. He states that there are no negative impacts and there are improvements to the drainage on the site.

Mr. Greco motioned, seconded by Ms. Strothers to approve this application as presented with variances for front yard setback of 5.76 ft., side yard setback of 8.74 ft., corner yard setback of 11.28 ft., area floor ratio of 53% and with the existing variance already there, and subject to comply with the report of Philip Simmone and the Board's Engineer report.

Poll of the Board: Ayes: Greco, Gaita, Strothers, L. Damiano, Cataldo, Corage, Pocius, Seber, and Kilpatrick

The Chairman declared this application APPROVED.

At this time Mayor Damiano and Councilman Sgobba re-join the meeting.

<u>Little Falls Redevelopers Urban Renewal LLC</u> – Tax Map #3, Block 77 Lots 3, 4, 5, 6, 6.02, 6.03, 7, 8, 8.01, 9, 17, 18, 20, 20.01. Singac Redevelopment Plan. Preliminary and Final Site Plan approval. A multi-family minor subdivision to create proposed lots 3.01 and 3.02. A 185 multi-family residential apartment building with a parking garage and site improvements for lot 3.01, and 102 unit townhome development along with parking and other site improvements for lot 3.02.

Andy S. Norin, Esq., attorney for the applicants came forward to state that they are seeking minor subdivision approval with regard to the properties located in the redevelopment area. Hearings were held on February 7, 2019 and a special meeting on February 21, 2019. The applicant is seeking to subdivide the property to consolidate the lots and then subdivided to create two lots (proposed lot 3.01 with 2.87 acres) and Lot 3.02 (containing 5.11 acres). The applicant filed two separate applications, (a) lot 3.01 (with 185 unit multi-family apartment building and parking garage); and (b) lot 3.01 (with 102 unit townhome development) [to be addressed in a separate resolution of the Board at the next regular meeting].

Eric Keller, Engineer/Traffic Engineer and Planner for the applicant came forward to state that they are proposing to consolidate all lots to form the property and then subdivide the property into two separate lots. He further stated that the applicant proposes a 10ft. wide public access easement along the eastern portion of proposed lot 3.01 to connect Main Street to the train station. Also, there is a parking easement on lot 3.01 in favor of lot 3.02. He further stated that the height, setbacks, parking are all in compliance. There will be no retail or restaurants proposed on the sites.

This portion of the meeting was opened to the public for concerns with regard to the minor subdivision. Those coming forward had questions regarding drainage and removal of the trees and buffer. Further questions regarding the proposed lots will be addressed in the resolutions regarding the development aspects. No others coming forward, this portion of the meeting was closed to the public.

Upon consideration of the plans, testimony, and application, the Board determines that the proposed minor subdivision application has met the minimum requirements of the Municipal Land Use.

Mr. Greco motioned, seconded by Mr. Corage to approve this application for minor subdivision and subject to the approval of the Board Engineer and Board Attorney reports, and a subdivision deed shall be recorded within 190 days of the memorializing Resolution.
