

HOW TO PARTICIPATE IN OUR DEMOCRACY

BE COUNTED IN THE 2020 CENSUS

EVERYONE COUNTS

The Census is a population count of EVERY person in the U.S. Make sure your voice COUNTS! Be sure to count every person in your home, even if the arrangement is temporary or they are unrelated to you.

HOW TO FILL IT OUT

You can give back to your community while staying safe at home during the COVID-19 pandemic by completing the 2020 Census. You can fill out the Census online at my2020census.gov or by phone at (844)330-2020.

IT IS SAFE & CONFIDENTIAL

Census responses are protected by federal law. No one outside of the Census Bureau can ever share your information to any other individual, law enforcement, or government agency.

PARTICIPATE IN THE REDISTRICTING PROCESS

Redistricting is the process of redrawing our voting district boundary lines once a decade after the Census to account for population changes. We must redistrict to redistribute our political power across the state and make sure everyone has an equal voice in our democracy. Without fair district maps, we cannot have fair elections. Unfortunately, in New Jersey, the redistricting process lacks independence, transparency and public input, which gives us a recipe for gerrymandering: the manipulation of the redistricting process for political gain. Through Fair Districts New Jersey, we aim to put the redistricting power where it belongs: in the hands of voters. **Go to fairdistrictsnj.org for more information.**

For more information on voting, the census, or redistricting, please go to lwvnj.org or email amoreno@lwvnj.org
