SECTION ONE: GENERAL PERSONNEL POLICIES

It is the policy of the Township of Little Falls to treat employees and prospective employees in a manner consistent with all applicable employment laws and regulations. The personnel policies and procedures of the Township of Little Falls shall apply to all employees, volunteers, elected or appointed officials and independent contractors. In the event there is a conflict between these rules and any collective bargaining agreement, personnel services contract, or Federal or State law including the New Jersey Civil Service Act, the terms and conditions of that contract or law shall prevail. In all other cases, these policies and procedures shall prevail.

All employees, officers and Department/Division Heads shall be appointed and promoted by the Mayor except as specifically delineated in the Faulkner Act where the Council shall authorize said appointments, and promotions. No person shall be employed or promoted unless there exists a position created by a resolution adopted by the Township of Little Falls as well as the necessary budget appropriation and salary resolution.

The Township Administrator and all managerial Department/Division Heads are authorized and responsible for personnel policies and procedures. The Mayor and Township Council shall also have access to the Township Attorney for guidance in personnel matters.

As a general principle, the Township of Little Falls has a “no tolerance” policy towards workplace wrongdoing. Township of Little Falls officials, employees and independent contractors are to report anything perceived to be improper. The Township of Little Falls believes strongly in an Open-Door Policy and encourages employees to talk with their Department Head, or the Township Administrator concerning any problem.

The Personnel Policies and Procedures Manual adopted by the Governing Body is intended to provide guidelines covering public service by Township of Little Falls employees and is not a contract. This manual contains many, but not necessarily all of the rules, regulations, and conditions of employment for Township of Little Falls personnel. The provisions of this manual may be amended and supplemented from time to time without notice and at the sole discretion of the Township of Little Falls.

<p>To the maximum extent permitted by law, the employment practices of the Township of Little Falls shall operate under the legal doctrine known, as “employment at will.” Within Federal and State law, and any applicable bargaining unit agreement, the Township of Little Falls shall have the right to terminate an employee at any time and for any reason, with or without notice, except the Township of Little Falls shall comply with all Federal and State legal requirements requiring notice and an opportunity to be heard in the event of discipline or dismissal.</p>

EQUAL EMPLOYMENT OPPORTUNITY POLICY

The Employer is committed to the principle of equal employment opportunity and anti-discrimination pursuant to Title VII of the 1964 Civil Rights Act as amended by the Equal Opportunity Act of 1972 and the New Jersey Law Against Discrimination (LAD) and all other applicable state or federal law. Under no circumstances will the Employer discriminate on the basis of sex, race, creed, color, religion, national origin, ancestry, age, marital, affectional or sexual orientation, domestic partnership status, civil union status, atypical heredity, cellular or blood trait, genetic information, disability (including AIDS or HIV infection), liability for service in the United States Armed Forces, gender identity or expression, and/or any other characteristic protected by state or federal law. Accordingly, decisions regarding the hiring, promotion, transfer, demotion or termination are based solely on the qualifications and performance of the employee or prospective employee. If any employee or prospective employee feels they have been treated unfairly, they have the right to address their concern with their supervisor, or if they prefer, their Department/Division Head, or Township Administrator, or any other supervisor with whom they feel comfortable, using the complaint procedure set forth in the Harassment and Discrimination Policy set forth in this Manual.

Any employees with questions or concerns about any type of discrimination or harassment in the workplace are encouraged to bring these issues to the attention of management through the complaint procedure set forth in the Prohibited Harassment and Discrimination Policy set forth in this Manual.

Age shall be a factor for employment only where it is a valid occupational requirement as determined by law.

This policy shall be applied to all phases of employment including but not limited to recruitment, selection, appointment, placement, promotion, demotion, transfer, training, wages, benefits, working conditions, layoff, recall, discharge, disciplinary action, performance evaluation and use of all municipal facilities.

AMERICANS WITH DISABILITIES

The Employer complies with the New Jersey Law Against Discrimination and the Americans With Disabilities Act. The Employer will not discriminate against any qualified employee or job applicant with respect to any terms, privileges, or conditions of employment because of a person's physical or mental disability. The Employer also will make reasonable accommodation wherever necessary for all employees or applicants with disabilities, provided that the individual is otherwise qualified to safely perform the essential duties and assignments connected with the job and provided that accommodations do not require significant difficulty or expense. The Employer's nondiscrimination policy applies to all aspects of the employer-employee relationship, including recruitment, hiring, upgrading, training, promotion, transfer, discipline, layoff, recall, and termination.

Definitions. The Americans with Disabilities Act defines an individual with a disability as any person who:

- (1) has a physical or mental impairment that substantially limits one or more major life activities, such as caring for oneself, walking, seeing, hearing, or speaking.
- (2) has a record of such an impairment; or
- (3) is regarded as having such an impairment.

An individual must satisfy at least one of the three prongs of the above definition to be considered an individual with a disability under the ADA. Temporary conditions, such as a broken leg, are not disabilities, nor are minor impairments, such as vision problems that are correctable with glasses.

The New Jersey Law Against Discrimination defines disability as a physical disability, infirmity, malformation or disfigurement which is caused by bodily injury, birth defect or illness including epilepsy and other seizure disorders, and which shall include, but not be limited to, any degree of paralysis, amputation, lack of physical coordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment or physical reliance on a service or guide dog, wheelchair, or other remedial appliance or device, or any mental, psychological or developmental disability resulting from anatomical, psychological, physiological or neurological conditions which prevents the normal exercise of any bodily or mental functions or is demonstrable, medically or psychologically, by accepted clinical or laboratory diagnostic techniques. Disability shall also mean AIDS or HIV infection.

A qualified individual is an individual with a disability who, with or without reasonable accommodation, can perform the essential functions of the employment position held or sought. An individual who poses a threat to the health and safety of oneself or to others is not qualified. Reasonable accommodation means any change or adjustment to a job or work environment that does not impose an undue hardship on the Employer, or that permits a qualified applicant or employee with a disability to participate in the job

application process, perform the essential functions of the job, or enjoy benefits and privileges of employment equal to those enjoyed by employees without disabilities.

Requesting Accommodation. Qualified employees or prospective employees with disabilities may request accommodations to perform the essential functions of their job or gain access to the hiring process. Employees or prospective employees should direct their written request to the Employer. In the written request, the employee or prospective employee should identify themselves as a person with a disability, eligible for protection, and identify the nature of the accommodation or consideration desired.

The Employer may require the employee to provide adequate medical or other appropriate documentation of the disability and the need for the desired accommodation. The Employer will reasonably accommodate the known physical or mental limitation of an otherwise qualified applicant or employee with a disability unless the accommodation would impose an undue hardship on the Employer's business operation.

To further the Employer's nondiscrimination policy, the Employer will:

- Identify the essential functions of a job.
- Determine whether a person with a disability, with or without accommodation, is qualified to perform the duties; and
- Determine whether a reasonable accommodation can be made for a qualified individual.

Reasonable accommodations that the Employer may provide in connection with modifications to the work environment or adjustments in how and when a job is performed may include the following:

- Making existing facilities accessible and usable.
- Job restructuring.
- Part-time or modified work schedules.
- Acquiring or modifying equipment or devices.
- Appropriate adjustment or modifications of testing materials, training materials, and/or policies.
- Reassignment to a vacant position.

The Employer is also committed to not discriminating against any qualified employee or applicant because he or she is related to or associated with a person with a disability. If any applicant or employee has questions concerning the Employer's equal employment opportunity policy, he or she should contact the Employer.

New Jersey Pregnant Worker's Fairness Act:

In compliance with the Americans with Disabilities Act, the ADA Amendments Act and the New Jersey Law Against Discrimination as amended by the New Jersey Pregnant Worker's Fairness Act (LAD), the Township does not discriminate based on disability, pregnancy, pregnancy related medical condition or childbirth. The Township will endeavor to make every work environment handicap assessable and all future construction and renovation of facilities will be in accordance with applicable barrier-free Federal and State regulations and the Americans with Disabilities Act Accessibility Guidelines, as well as the ADA Amendments Act.

It is the policy of the Township to comply with all relevant and applicable provisions of the Americans with Disabilities Act, the ADA Amendments Act and LAD. We will not discriminate against any employee or job applicant with respect to any terms, conditions, or privileges of employment on the basis of a known or perceived disability, pregnancy, childbirth or pregnancy related medical condition. We will also make reasonable accommodations to known physical or mental limitations of all employees and applicants with disabilities or pregnant, provided that the individual is otherwise qualified to safely perform the essential functions of the job and also provided that the accommodation does not impose undue hardship on the Township. For employees who are breastfeeding a reasonable break in time each day and a suitable room or other location with privacy, other than a toilet stall, in close proximity to the work area shall be provided for the employee to express breast milk for the child.

The Township Administrator shall engage in an interactive dialogue with disabled/pregnant employees and prospective disabled/pregnant employees to identify reasonable accommodations or their respective physician. All decisions with regard to reasonable accommodation shall be made by the Township Administrator. Employees who are assigned to a new position as a reasonable accommodation will receive the salary for their new position. The Americans with Disabilities Act does not require the Township to offer permanent "light duty", relocate essential job functions, or provide personal use items such as eyeglasses, hearing aids, wheelchairs, etc.

Employees should also offer assistance, to the extent possible, to any member of the public who requests or needs an accommodation when visiting Township facilities. Any questions concerning proper assistance should be directed to Township Administrator.

Policy Against Harassment

The Employer is committed to providing a work environment that is free of discrimination. The Employer will not tolerate harassment of or by employees towards anyone, including any supervisor, co-worker, or non-employee, including vendors and citizens.

Applicability. This policy applies to all people employed by the Employer, as well as volunteers working on behalf of the Employer, and prohibits such conduct by or towards all such employees/ volunteers. Independent contractors, vendors and all other parties, engaged in a professional business relationship with the Employer are also expected to abide by the policy. In addition, no employee shall be required to withstand behavior from the public which violates this policy.

Purpose. This policy is designed to ensure all employees a work environment free of any type of discrimination based upon a protected status, including freedom from sexual harassment. The purpose of this policy is to inform employees that harassment based upon a protected status is prohibited, to educate employees about harassment based upon a protected status and to provide employees with a procedure to bring complaints to management's attention.

Provisions.

All employees are expected to avoid any behavior or conduct of a harassing or discriminatory nature. The Employer prohibits any form of harassment or discrimination related to an employee's protected group status, including race, creed, color, national origin, ancestry, religion, age, marital status, civil union status, domestic partnership status, affectional or sexual orientation, familial status, genetic information, sex, gender identity or expression, disability (including perceived disability, physical, mental, and/or intellectual disabilities), atypical hereditary cellular or blood trait, or because of the liability for service in the Armed Forces of the United States, veteran status, citizenship status, or any other group status protected by law. Harassment includes, but is not limited to:

- A. Treating an individual less favorably based on a person's protected group status.
- B. Using derogatory or demeaning slurs to refer to a person's protected group status.
- C. Calling another by an unwanted nickname which refers to one or more protected group statuses or telling ethnic jokes that harass an employee or create a hostile work environment.
- D. Using derogatory references regarding a protected group status in any job-related communication.
- E. Engaging in threatening, intimidating, or hostile acts, in the workplace, based on a protected group status; or

F. Displaying or distributing material in the workplace that contains language or derogatory or demeaning images, based on any protected group status. Any form of harassment or discrimination related to an employee's protected group status violates this policy.

This policy applies to all employment practices such as recruitment, selection, hiring, training, promotion, transfer, assignment, layoff, return from layoff, termination, compensation, fringe benefits, working conditions and career development.

Violations of this policy will result in appropriate disciplinary action up to and including termination of employment.

Sexual Harassment. The Employer prohibits sexual harassment of its employees in any form. Such conduct shall result in appropriate disciplinary action up to and including dismissal from employment.

A. Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct, gestures or communication, expressed or implied, of a sexual nature when:

(1) Submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining or retaining employment; or

(2) Submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's employment, or

(3) That conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's employment or creating an intimidating hostile or offensive employment environment.

B. Prohibited Conduct: No supervisory employee shall threaten or insinuate either directly or indirectly, that an employee's refusal to submit to sexual advances will adversely affect the employee's continued employment, evaluation, compensation, assignment, advancement, or any other condition of employment. Similarly, no supervisory employee shall promise or suggest either directly or indirectly, that an employee's submission to sexual advances will result in any improvement in any term or condition of employment for the employee.

Other sexually harassing conduct in the work place, whether committed by supervisory or non-supervisory personnel is also prohibited. This includes, but shall not be limited to:

(1) Sexual flirtations, advances, propositions, subtle pressure for sexual activity, flirtatious whistling, discussing sexual activities;

(2) Verbal abuse of a sexual nature including sexually oriented "kidding" or "teasing," "practical jokes," jokes about gender-specific traits, and foul or obscene language or gestures;

(3) The display of sexually graphic pictures or pictures of an offensive nature, or object in the work place, including sexually suggestive written material such as letters, notes, facsimiles, text messages and e-mails;

(4) Any unwelcome sexually motivated touching, including, for example, patting, pinching, hugging, cornering, blocking or impeding movement and repeated brushing against another employee's body.

Sexual harassment also occurs when one person harasses another solely because of the victim's gender. This type of sexual harassment may involve unwelcome sexual demands or overtures, but it may also take the form of other harassing conduct not necessarily sexual in nature. For example, this would include gender stereotyping such as comments about the lesser abilities, capacities, or the "proper role" of females. It also includes subjecting a woman or a man to non-sexual harassment solely because of her or his gender. Sexual harassment is prohibited whether the harasser is male or female, and whether the harassment is opposite sex or same-sex harassment.

Complaint Procedure. Any employee who feels he or she has been subject to harassment should report the incident directly to the designated human resources official. The designated human resources official will ask the employee to complete a Harassment Complaint Form. Employees, however, are not required to complete the complaint form to initiate a harassment complaint under this policy.

Alternatively, any employee who feels he or she has been subject to harassment should report the incident directly to the Chief Administrative Officer. The Chief Administrative Officer will ask the employee to complete a Harassment Complaint Form. Employees, however, are not required to complete the complaint form to initiate a harassment complaint under this policy. The names and telephone numbers of the designated human resources official and Chief Administrative Officer are contained in the Contact Information attached to this policy.

Any individual uncomfortable reporting an incident to the designated human resources official and/or Chief Administrative Officer should feel free to go to any management representative which he or she feels most comfortable to relay the problem. When any management representative learns of a violation of this policy, the management representative shall assist the victim in reporting the alleged incident(s) of harassment.

All Employer employees should notify the alleged harasser that the behavior in question is thought to be offensive and unwelcome. However, failure to inform the alleged harasser that the behavior is unwelcome does not prevent the victim from filing a complaint pursuant to this policy. The harassment or discrimination does not have to occur on the Employer's property during regular work hours for an employee to file a complaint under this policy.

The Employer strongly encourages employees who witness conduct which they believe violates the Employer's Policy Against Harassment to report the violation pursuant to this complaint procedure. The Employer encourages the prompt reporting of complaints so that rapid response and appropriate action may be taken. Any complaint should be reported within sixty (60) days to be considered current.

Nevertheless, due to the sensitive nature of these problems, all complaints will be investigated, regardless of when they are filed.

Investigation Procedure. The Employer shall conduct an investigation into the harassment complaint to determine the merits of the allegations. The designated human resources official and/or Chief Administrative Officer shall designate an objective investigator to determine the validity of any complaint. The objective investigator may include any third party deemed appropriate.

The investigation shall be completed in a reasonable time to resolve the issue and minimize the effects of such investigation on the parties involved. The investigation will, at a minimum, include an interview with the employee bringing the complaint and the accused.

If the Employer determines that the complaint has merit, the accused shall face appropriate disciplinary action based upon the severity of the complaint and any prior history of past charges against the individual. Disciplinary action may include a written warning, suspension, demotion, and/or termination of employment. Any disciplinary action shall be consistent with applicable collective bargaining agreements, regulations and applicable due process safeguards. Upon completion of the investigation, the entire file shall be maintained in a secure location with the Employer.

In the event that the Employer determines the complaint to be intentionally dishonest, appropriate disciplinary action may be taken against the employee who caused the complaint to be filed.

Privacy. To the extent possible, all persons involved in a harassment complaint will be given the utmost protection of privacy. Specifically, the Employer will strive, both during and after the investigation, to maintain confidentiality to the fullest extent possible, including confidentiality of the identities of all persons involved or alleged to be involved in the incident, revealing only those particulars of the matter to the extent necessary for a thorough investigation. Any employee who unnecessarily compromises the confidentiality of an investigation will be subject to appropriate discipline.

Responsibility of Supervisory Personnel. Supervisors are to monitor the work environment to ensure that all subordinates comply with this Policy Against Harassment. When a supervisor learns of a violation of this policy, the supervisor shall assist the victim in reporting the alleged incident(s) of harassment.

Alternatively, the supervisor shall report the matter to the designated human resources official and/or Chief Administrative Officer for resolution.

Retaliation Prohibited. The Employer encourages victims of harassment to bring their complaints to management by ensuring that no reprisals or retaliation will result from the good faith reporting of harassment. The filing of a complaint, in good faith, shall not, under any circumstances provide cause for

discipline. Additionally, it is a violation of this policy for any personnel to retaliate against another because he or she filed a complaint or otherwise participated in the complaint procedure.

Any supervisor who receives a harassment complaint from any employee must bring it to the attention of the designated human resources official and/or Chief Administrative Officer for resolution. Supervisors shall closely monitor the work environment for any forms of retaliation once an allegation has been made. This will include but not be limited to verbal remarks, irregular assignments or any other activity that may contribute to a hostile work environment.

Legal Effect. This Policy Against Harassment is to be construed as a unilateral expression of the policy of the Employer concerning harassment in the workplace. It is not intended to create any contractual rights or duties and any such intention or effect is hereby disclaimed. This policy may be amended, supplemented, modified and/or revised at any time. Any employee with questions regarding the Employer's Policy Against Harassment should contact the designated human resources official and/or Chief Administrative Officer.

POLICY PROHIBITING WORKPLACE VIOLENCE

The Employer has adopted this Zero Tolerance Policy for workplace violence because it recognizes that workplace violence is a growing problem nationally that needs to be addressed by all employers. Consistent with this policy, acts or threats of physical violence, including intimidation, harassment, and/or coercion which involve or affect the Employer, its employees or which occur on the Employer's property will not be tolerated.

Threats or Acts of Violence Defined. "Threats or acts of violence" include conduct against persons or property that is sufficiently severe, offensive, or intimidating to alter the employment conditions with the Employer, or to create a hostile, abusive, or intimidating work environment for one or more employees.

Examples of Workplace Violence. General examples of prohibited workplace violence include, but are not limited to, the following:

All threats or acts of violence occurring on Employer property, regardless of the relationship between the Employer and the parties involved in the incident.

All threats or acts of violence not occurring on Employer property but involving someone who is acting in the capacity of a representative of the Employer.

All threats and acts of violence not occurring on Employer property involving an employee of the Employer if the threats or acts of violence affect the legitimate interest of the Employer.

Any threats or acts resulting in the conviction of an employee or agent of the Employer, or of an individual performing services on the Employer's behalf on a contract or temporary basis, under any criminal code provision relating to threats or acts of violence that adversely affect the legitimate interests and goals of the Employer.

Specific Examples of Prohibited Conduct. Specific examples of conduct which may be considered "threats or acts of violence" prohibited under this policy include, but are not limited to:

Hitting, fighting, pushing, or shoving an individual or throwing objects.

Threatening to harm an individual or his/her family, friends, associates, or their property.

The intentional destruction or threat of destruction of property owned, operated, or controlled by the Employer.

All reports of harassment, sexual harassment, or other wrongdoing will be promptly investigated by a person who is not involved in the alleged harassment or wrongdoing.

No employee will be penalized in any way for reporting a complaint. There will be no discrimination or retaliation against any individual who files a good-faith harassment complaint, even if the investigation produces insufficient evidence to support the complaint, and even if the charges cannot be proven. There will be no discrimination or retaliation against any other individual who participates in the investigation of a complaint.

WHISTLEBLOWER POLICY

As a matter of policy, the Employer abides by all federal, state, and local laws, rules, and regulations applicable to it and to have all its employees do the same. Every employee is responsible for assisting the Employer to implement this policy.

In the ordinary course, a violation of this policy should be reported to an employee's Department Head in writing, signed by the employee. If that is not practical or if that action is taken but does not prevent or correct the perceived violations, the employee is to deliver a written statement, signed and dated to the designated human resources official. The written statement should detail the specific information the employee possesses so that the Employer may undertake an investigation.

The Employer or any of its employees will not retaliate against any employee who makes a good faith report pursuant to this policy, even if an investigation reveals that no violation occurred. More specifically, neither the Employer nor any of its employees will take any retaliatory action or tolerate any reprisal against an employee who:

Discloses, or threatens to disclose, to a supervisor or to a public body an activity, policy or practice of the Employer or another employer, with whom there is a business relationship, that the employee reasonably believes is in violation of a law, or a rule or regulation issued under the law, or, in the case of an employee who is a licensed or certified health care professional, reasonably believes constitutes improper quality of patient care;

Provides information to, or testifies before, any public body conducting an investigation, hearing or inquiry into any violation of law, or a rule or regulation issued under the law by the Employer or another employer, with whom there is a business relationship, or, in the case of an employee who is a licensed or certified health care professional, provides information to, or testifies before, any public body conducting an investigation, hearing or inquiry into quality of patient care;

Provides information involving deception of, or misrepresentation to, any shareholder, investor, client, patient, customer, employee, former employee, retiree or pensioner of the employer or any government entity.

or criminal; or (3) is incompatible with a clear mandate of public policy concerning the public health, safety or welfare or protection of the environment. See N.J.S.A. 34:19-3.

Disclosure to the Employer first, however, is not required where (1) the employee is reasonably certain that the violation is known to one or more officials; (2) where the employee reasonably fears physical harm; or (3) the situation is emergent in nature. The employee must give the Employer a reasonable opportunity to correct the activity, policy or practice. It is the Employer's responsibility to correct or prevent such violations. This is a legal obligation and a practical necessity. A violation can taint the credibility of the Employer and cause the Employer and its employees to be subjected to adverse publicity leading to public distrust.

This policy is important to the Employer. Each employee should seek to resolve any problem within Employer channels before reporting it to any outside person or entity.

ACTION REPORT SAFETY RECOMMENDATIONS FORM – PART 3

PART 3 Instructions: Department Heads complete Part 3 within TEN (10) WORKING DAYS of event and forward to the Human Resources Official.

A hierarchy of control should be used to assist with the prevention of future similar injuries. The ‘hierarchy of control’ depicts the most to the least effective methods, as shown in the table below. This is the most important part of the investigation process! Do not leave blank.

Risk Control Options	Action Required	By Whom	By When
Elimination – do you have to do the task?			
Substitution – is there another way you can do the task?			
Engineering – can you engineer a way to make the job safer? (Job Safety Analysis sheets may give clues)			
Administration – can you improve work practices? E.g. limit time of exposure

Transitional Duty Policy:

The Township of Little Falls will endeavor to bring employees with temporary disabilities back on the job as soon as possible and may assign transitional duty to employees who temporarily cannot perform the essential functions of their positions because of injury or illness. Transitional duty is not guaranteed and will not exceed 30 workdays. If a department already has one employee on transitional duty, it is unlikely that another employee from that department will be assigned transitional duty.

An employee requesting transitional duty or the Workers Compensation Physician shall notify the Township Administrator as soon as the temporarily disabled employee is able to return to work with restrictions. Transitional duty will only be assigned if the employee will probably be able to perform the essential functions of the position after the transitional duty period. The Township Administrator will consult with the Department Head to determine if there is any meaningful work that can be performed consistent with the restrictions. Transitional duty assignments may be in any department and not just the employee's normal department. The Township Administrator will decide if it is in the best interest of the Township of Little Falls to approve a transitional duty request and will notify the employee of the decision. The Township of Little Falls reserves the right to terminate the transitional duty assignment at any time without cause.

Employees may not refuse transitional duty assignments that are recommended by the Workers Compensation Physician. In such cases, failure to report to work as directed shall constitute immediate grounds for dismissal. If the employee believes that the transitional duty assignment is beyond the employee's abilities, the employee may request a meeting with the Township Administrator who will render a written response within 24 hours.

Employees on transitional duty will receive their regular salaries and are prohibited from engaging in any outside employment of any kind unless they receive prior written approval from the Township Administrator. If transitional duty is approved, the employee or Workers Compensation Physician must keep the Township Administrator informed of the medical progress. Employees assigned to transitional duty will be allotted time off to attend medical or physical therapy appointments but must request leave time for any other reason. If at the end of transitional duty period the employee is not able to return to work without restrictions, the Township of Little Falls reserves the right at its sole discretion to extend the transitional duty or place the employee back on Workers Compensation or disability. This policy does not affect an employee's rights under the Americans with Disabilities Act, the Family and Medical Leave Act, the Fair Labor Standards Act, the Contagious or Life Threatening Illnesses Policy or other Federal or State law.

- A serious health condition of a spouse, son, daughter or parent of an employee if the employee is needed to care for such family member; or
- A serious health condition of an employee that makes an employee unable to work. Generally, the incapacity must result in the employee’s inability to work for more than three (3) consecutive days (although there are certain exceptions to this rule);
- Any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is a member of the Regular Armed forces, National Guard or Reserves on active duty status during the deployment to a foreign country, and or has been notified of an impending call to active duty status as such in support of a contingency operation.

In addition, eligible employees who are either spouse, son, daughter, parent or next of kin of a Covered Servicemember shall be entitled to a total of twenty-six (26) workweeks of unpaid leave during a single twelve (12) month period to care for the Covered Servicemember. During this single twelve (12) month period, an eligible employee who qualifies for leave to provide care for the Covered Servicemember shall be entitled to no more than a combined total of twenty-six (26) workweeks of leave.

Definitions.

“Covered Servicemember” means a member of the Armed Forces, including a member of the National Guard or Reserves, or a recent veteran who has been discharged, other than dishonorably, within the five years preceding the family member’s initial request for leave, who has a serious injury or illness who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness.

“Eligible Employee” means an individual who has been employed by the Employer for at least twelve (12) months, has worked at least 1,250 hours during the preceding twelve (12) month period, and is employed at a worksite with at least fifty (50) employees within seventy-five (75) miles of that worksite.

“Next of kin” means the nearest blood relative of the individual.

“Qualifying Exigency” covers a number of broad categories of reasons and activities, including short-notice deployment to a foreign country, military events and related activities, child care and school activities, financial and legal arrangements, counseling, rest and recuperation, post-dept activities, and additional activities agreed to by the employer and the employee.

“Serious Health Condition” means an illness, injury, impairment or physical or mental condition that involves either inpatient care or continuing treatment by a health care provider. It generally includes a period of incapacity due to pregnancy, prenatal care, a chronic health condition, a permanent or long-term health condition, or restorative or preventive treatment.

“Serious Injury or Illness” means an injury or illness incurred by a Covered Servicemember in the line of duty or on active duty in the Armed Forces, National Guard of Reserves, incurred in the line of duty on active duty or whose pre-existing condition has been aggravated by his/her active duty service, that may render the servicemember medically unfit to perform the duties of the member’s office, grade, rank or rating.

Eligibility. Any employee who has been employed by the Employer for twelve (12) months or more and worked 1,250 hours or more in the twelve (12) month period preceding the first day of the requested leave may be eligible for an unpaid leave of absence of up to twelve (12) weeks during any twelve (12) month period.

The twelve (12) month period shall be determined by using a rolling twelve (12) month period that commences with the first day of leave taken.

Leave to care for a child after birth, adoption, or foster care must conclude within twelve (12) months of the child's birth or placement. If both spouses work for the Employer, they may only take a total of twelve (12) weeks between them during the twelve (12) month period in order to care for a child after birth, adoption, or foster care or to care for a parent with a serious health condition and a combined twenty-six (26) weeks in a single twelve (12) month period for military caregiver leave or a combination of military caregiver leave and other FMLA qualifying reasons. Each spouse may be entitled to additional leave for other qualifying reasons under the FMLA, such as the employee’s own illness or for the serious illness of the employee’s child.

Notice. When the leave is foreseeable, at least thirty (30) days’ advance notice to the Employer, in writing, is required. If thirty (30) days’ notice cannot be provided, as much notice as is practical should be provided. Failure to give reasonable notice may delay the availability of the leave.

Certification. Where leave is taken to care for a family member with a serious health condition or because of the employee’s own serious health condition, medical certification is required and periodic

recertification may be required. In addition, where the leave is taken because of the employee's own serious health condition, a certification of fitness to return to work will be required.

The Employer, at its expense, may require an examination by a second healthcare provider designated by the Employer. If the second healthcare provider's opinion conflicts with the original medical certification, the Employer, at its expense, may require a third, mutually agreeable, healthcare provider to conduct an examination and provide a final and binding opinion.

For military exigency leave, an employee may be required to provide certification that the covered military member is a member of the regular Armed Forces, National Guard or Reserves who is on active duty or called to active duty in support of a contingency operation, as well as certification from the employee about the nature and details of the specific exigency, the amount of leave needed, and the employee's relationship to the military member. For military caregiver leave, the employee may be required to provide information from the health care provider and employee and/or Covered Service member to support such leave.

Absent unusual circumstances, medical certifications must be provided within fifteen (15) days. The Employer will also require periodic status reports from employees concerning their intended return date.

Failure to provide requested documentation may result in denial of leave. The Employer may attempt to clarify or authenticate the certification or may require additional certifications to support the need for leave. When leave is taken to care for a family member, the Employer may require the employee to provide documentation or a statement of family relationship (e.g., birth certificate or court document) and proof of the need to care for the family member.

Utilization of Paid Leave. Generally, FMLA leave is unpaid. However, depending upon the circumstances, employees may be entitled to receive short-term disability, workers' compensation benefits, paid family leave benefits, or other state-sponsored wage replacement benefits which pay a portion of normal compensation. These benefits will run concurrently with the employee's unpaid leave. An employee who is eligible for these benefits may also choose to use accumulated paid leave during their approved unpaid leave. Employees may not receive more than 100% of salary at any time.

Coordination with other Leave Policies. The period of time attributable to the employee's absence due to any workers' compensation, disability, or sick leave, will be counted against available leave under this policy to the extent permitted by law. In the event that additional family, medical or sick leave is available pursuant to state laws, this leave will also run concurrently with FMLA leave to the extent permitted by law.

Intermittent Leave. When medically necessary, leave taken because of a serious health condition of an employee or family member or to care for a Covered Servicemember may be taken on an intermittent or reduced work schedule basis. The employee and employer shall attempt to work out a schedule for such leave that meets the employee's needs without unduly disrupting the employer's operations, subject to the approval of the employee's health care provider. The Employer may require an employee taking

intermittent or reduced work schedule leave to transfer temporarily to an alternative position with equivalent pay and benefits that is better suited to the leave schedule.

Employment and Benefits Protection. During the leave, health benefits will continue for up to twelve (12) weeks in each rolling twelve (12) month period under the same conditions as if the employee continued to work. Employees must, however, pay the same amount for any benefits continued as they do prior to the leave. Other benefits, if any, will continue during the leave under the same conditions as if the employee continued to work.

If paid leave is substituted for unpaid FMLA leave, the Employer will deduct the employee's portion of the health plan premium as a regular payroll deduction. If the employee's FMLA leave is unpaid, the employee must pay his/her portion of the premium in accordance with a payment method that is devised and mutually agreed upon between the employee and the Employer.

Employees should consult with their Department Head and human resources official prior to taking an approved leave. If you fail to return to work after your FMLA leave for any reason except for circumstances beyond your control, you must pay back all unpaid health insurance premiums. With regard to the employee's contribution portion of his/her health benefits pursuant to Chapter 78, P.L. 2011 and any voluntary supplemental benefits that the employee may have, the employee is solely responsible for making payment arrangements with the Employer or for any voluntary benefits, to the respective insurance company. Your healthcare coverage may cease if your premium payment is more than thirty (30) days late. With regard to any pension contribution that you may have, you must contact the human resources official to make payment arrangements concerning contributions or credits paid toward you pension benefits. If you fail to return to work after your FMLA leave for any reason except for circumstances beyond your control, you must pay back all unpaid health insurance premiums.

Before returning to work following a medical leave (except for intermittent or reduced schedule leave) due to the employee's own serious health condition, the employee will be required to present a fitness for duty certification from his/her health care provider that he/she is medically able to resume work. If the date on which the employee is scheduled to return to work from FMLA leave changes, the employee is required to give notice of the change, if foreseeable, to the Employer within two (2) business days of the change.

Subject to some exceptions, most employees will be returned to the position they left or to a position equivalent in pay, benefits and other terms of employment. Individuals identified as "key employees" (the highest paid 10% of salaried employees at the work site or within a seventy-five (75) mile radius of that work site) at the beginning of their leave may not be returned to their former or equivalent position if restoration will cause substantial economic injury to the Employer. Employees will be informed of their key employee status at the beginning of the leave period.

A failure to return from FMLA leave for reasons other than the employee's own serious health condition may result in termination of employment. In the event that an employee cannot return to work at the end of FMLA leave due to a continuation of his/her own serious health condition, they must contact the

Employer before the expiration of the leave to discuss their options under state and federal law. State Leave Laws Certain states provide additional leave similar to that provided under the FMLA. The Employer will comply with these state law provisions to the extent they provide for more generous benefits. State leave law benefits will run concurrently with FMLA benefits to the extent permitted by law.

Family Temporary Disability. During a period of unpaid leave to care for a family member with a serious health condition or a newborn or adopted child or child placed into foster care with the employee, the employee may be eligible for up to six (6) weeks (twelve (12) weeks, effective July 2020) of Family Leave Insurance (“FLI”) payments through the State in a twelve (12) month period. FLI is a monetary benefit paid by the State and not a separate leave entitlement and will thus run concurrently with FMLA and/or FLA leaves.

NEW JERSEY FAMILY LEAVE POLICY

The Employer provides eligible employees with up to twelve (12) weeks of unpaid, job-protected leave for specified family reasons under the New Jersey Family Leave Act (NJFLA).

Eligible Employees. To be eligible for NJFLA leave, an employee must have worked at least twelve (12) months for the Employer and have worked at least 1,000 hours for the Employer over the previous twelve (12) months.

Qualifying Reasons for Leave. An employee may take NJFLA leave to care for:

- A newly born or adopted child or a child placed into foster care with the employee, but the leave must start within twelve (12) months of the birth of the child or the placement of the child.
- A family member (sibling, grandparent, grandchild, child, spouse, domestic partner, civil union partner, parent-in-law, or parent of a covered individual, or any other individual related by blood to the employee, and any other individual that the employee shows to have a close association with the employee which is the equivalent of a family relationship) with a serious health condition.

Leave taken for reasons above must be consecutive and must begin by the end of the twelve (12) month period after the birth or placement for adoption or foster care.

Leave Benefits. An employee may take up to a maximum of twelve (12) weeks of NJFLA leave in a twenty-four (24) month period, which is measured as a rolling twenty-four (24) month period that commences with the first day of NJFLA leave taken.

You may take NJFLA leave to care for a seriously ill family member:

- As a single block of time.
- By reducing your normal weekly, [but not daily,] work schedule for no more than twenty-four (24) consecutive weeks in a twenty-four (24) month period.
- Intermittently in increments lasting at least one week, but less than twelve (12) weeks in a consecutive twelve (12) month period, when medically necessary.

Employees permitted to take intermittent or reduced-schedule leave must try to schedule their leave so that it will not unduly disrupt the Employer's operations. The total time within which an intermittent leave is taken may not exceed a twelve (12) month period, if such leave is taken in connection with a single serious health condition.

Intermittent leaves taken in connection with more than one serious health condition episode must be taken within a consecutive twenty-four (24) month period, or until such time as the employee's twelve (12) week family leave entitlement is exhausted, whichever is shorter. An employee taking a family leave on a reduced leave schedule shall not be entitled to such leave for more than a consecutive twenty-four (24) week period. An eligible employee shall be entitled to only one leave on a reduced leave schedule during any consecutive twenty-four (24) month period. Any remaining family leave to which the employee is entitled subsequent to the expiration of a leave taken on a reduced leave schedule may be taken on a consecutive or intermittent basis.

Depending on the purpose of the employee's leave, the employee may choose to use accrued paid leave, concurrently with some or all of your NJFLA leave. The employee will not be eligible to accrue seniority or benefits, including vacation and holidays, during any period of NJFLA leave. The Employer will notify employees of their options to continue to participate in our group health plans during NJFLA leave.

Required Notice and Certifications. When requesting NJFLA leave, an employee must provide the Employer thirty (30) days' advance written notice. If advance written notice is not possible because of an emergency, the employee must provide the Employer with reasonable oral notice and then follow up with written notice.

The employee also must give the Employer a medical certification supporting the need for leave. The Employer reserves the right to require second or third medical opinions and periodic re-certifications. The employee must also provide periodic reports during your leave regarding your status and intent to return to work as deemed appropriate by the Employer. If an employee fails to provide the required documentation, the Employer may delay the start of the employee's NJFLA leave, withdraw any designation of NJFLA leave or deny the leave, in which case your absences will be treated in accordance with the Employer's standard leave of absence and attendance policies and you may be subject to discipline up to and including termination of employment.

If you provide false or misleading information or omit material information about a NJFLA leave, you will be subject to discipline up to and including immediate termination of employment.

Benefits Protection. During a family leave of absence, the employee's health benefits will be maintained under the same conditions as if the employee continued to work. If the employee decides to return to work when his/her family leave of absence ends, the employee may be reinstated to the same or equivalent job with the same pay, benefits, and terms and conditions of employment. If the employee decides not to return to work when your family leave of absence ends, you may be required to reimburse the Employer for the health insurance premiums paid on your behalf during your leave of absence (except if your failure to return to work was caused by the continuation, recurrence, or onset of serious health condition which would entitle you to a leave of absence under the law or other circumstances beyond your control).

With regard to any pension contribution that you may have, you must contact the human resources official to make payment arrangements concerning contributions or credits paid toward your pension benefits. Employees should consult with the Employer prior to taking an approved leave.

Returning to Work after NJFLA Leave. On returning to work after NJFLA leave, eligible employees will typically be restored to their original job or to an equivalent job with equivalent pay, benefits and other employment terms and conditions. Any employee who fails to return to work as scheduled after NJFLA leave or exceeds the twelve (12) week NJFLA entitlement will be subject to the Employer's standard leave of absence and attendance policies. This may result in termination if the employee's continued absence is unauthorized (for example, if you have no other Employer-provided leave available to you).

Retaliation Prohibited. The Employer and the NJFLA prohibit the Interference with, restraint of or denial of any right provided under the NJFLA and/or discharge or discrimination against any person for opposing any practice made unlawful by the NJFLA or for involvement in any proceeding under or relating to the NJFLA. The Employer encourages employees to bring any concerns or complaints about retaliation or compliance with the NJFLA to the attention of the human resources official.

New Jersey Family Leave Insurance. During a period of unpaid leave to care for a family member with a serious health condition or a newborn or adopted child or child placed into foster care with the employee, the employee may be eligible for up to six (6) weeks (twelve (12) weeks, effective July 2020) of Family Leave Insurance ("FLI") payments through the State in a twelve (12) month period. FLI is a monetary benefit paid by the State and not a separate leave entitlement, and will thus run concurrently with FMLA and/or FLA leaves.

An employee's job is not protected while receiving NJFLI benefits – unless the employee is eligible for leave under the FMLA, NJFLA, or is otherwise designated for an approved family leave of absence. Employees must provide the Employer with advance notice of need for leave, as follows:

- At least thirty (30) days before leave to bond with a newborn or newly adopted child, unless the time of the leave is unforeseeable or the time of the leave changes for unforeseeable reasons.
- In a reasonable and practicable manner for leave to care for a seriously ill family member on a continuous, non-intermittent basis, unless an emergency or other unforeseen circumstance precludes advance notice.

- At least fifteen (15) days before leave to care for a seriously ill family member or leave to bond with a newborn or newly adopted child on an intermittent basis unless an emergency or other unforeseen circumstance precludes advance notice.

DOMESTIC VIOLENCE POLICY

PURPOSE

The purpose of the State of New Jersey Domestic Violence Policy for Public Employers (herein "policy") is to set forth a uniform domestic violence policy for all public employers to adopt in accordance with N.J.S.A. 11A:2-6a. The purpose of this policy is also to encourage employees who are victims of domestic violence, and those impacted by domestic violence, to seek assistance from their human resources officers and provide a standard for human resources officers to follow when responding to employees.

DEFINITIONS

The following terms are defined solely for the purpose of this policy:

Domestic Violence - Acts or threatened acts, that are used by a perpetrator to gain power and control over a current or former spouse, family member, household member, intimate partner, someone the perpetrator dated, or person with whom the perpetrator shares a child in common or anticipates having a child in common if one of the parties is pregnant. Domestic violence includes, but is not limited to the following: physical violence; injury; intimidation; sexual violence or abuse; emotional and/or psychological intimidation; verbal abuse; threats; harassment; cyber harassment; stalking; economic abuse or control; damaging property to intimidate or attempt to control the behavior of a person in a relationship with the perpetrator; strangulation; or abuse of animals or pets.

Abuser/Perpetrator - An individual who commits or threatens to commit an act of domestic violence, including unwarranted violence against individuals and animals. Other abusive behaviors and forms of violence can include the following: bullying, humiliating, isolating, intimidating, harassing, stalking, or threatening the victim, disturbing someone's peace, or destroying someone's property.

Human Resources Officer (HRO)—An employee of a public employer with a human resources job title, or its equivalent, who is responsible for orienting, training, counseling, and appraising staff. Persons designated by the employer as the primary or secondary contact to assist employees in reporting domestic violence incidents.

Intimate Partner - Partners of any sexual orientation or preference who have been legally married or formerly married to one another, have a child or children in common, or anticipate having a child in common if one party is pregnant. Intimate partner also includes those who live together or have lived together, as well as persons who are dating or have dated in the past.

Temporary Restraining Order (TRO) - A civil court order issued by a judge to protect the life, health or well-being of a victim. TROs can prohibit domestic violence offenders from having contact with victims,

either in person or through any means of communication, including third parties. TROs also can prohibit offenders from a victim's home and workplace. A violation of a TRO may be a criminal offense. A TRO will last approximately 10 business days, or until a court holds a hearing to determine if a Final Restraining Order (FRO) is needed. In New Jersey, there is no expiration of a FRO.

Victim - A person who is 18 years of age or older or who is an emancipated minor and who has been subjected to domestic violence by a spouse, former spouse, or any other person who is a present household member or was at any time a household member. A victim of domestic violence is also any person, regardless of age, who has been subjected to domestic violence by one of the following actors: a person with whom the victim has a child in common; a person with whom the victim anticipates having a child in common, if one of the parties is pregnant; and a person with whom the victim has had a dating relationship.

Workplace-Related Incidents - Incidents of domestic violence, sexual violence, dating violence, and stalking, including acts, attempted acts, or threatened acts by or against employees, the families of employees, and/or their property, that imperil the safety, well-being, or productivity of any person associated with a public employee in the State of New Jersey, regardless of whether the act occurred in or outside the organization's physical workplace. An employee is considered to be in the workplace while in or using the resources of the employer. This includes, but is not limited to, facilities, work sites, equipment, vehicles, or while on work-related travel.

PERSONS COVERED BY THIS POLICY

All employees are covered under this policy, including full and part time employees, casual/seasonal employees, interns, volunteers and temporary employees at any workplace location.

RESPONSIBILITY OF EMPLOYERS TO DESIGNATE A HUMAN RESOURCES OFFICER

The Employer hereby designates the following employees as the Primary HRO and Secondary HRO, to assist employees who are victims of domestic violence.

Primary HRO:

Name / Title and contact information

Secondary HRO:

Name / Title and contact information

The designated Primary and Secondary HRO shall receive training on responding to and assisting employees who are domestic violence victims in accordance with this policy.

Managers and supervisors are often aware of circumstances involving an employee who is experiencing domestic violence. Managers and supervisors are required to refer any employee who is experiencing domestic violence or who report witnessing domestic violence to the designated HRO. Managers and supervisors must maintain confidentiality, to the extent possible, and be sensitive, compassionate, and respectful to the needs of persons who are victims of domestic violence.

The name and contact information of the designated HRO will be provided to all employees.

This policy does not supersede applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General Directives and guidelines that impose a duty to report. For example, if there is any indication a child may also be a victim, reporting is mandatory to the Department of Children and Families, Child Protection and Permanency, under N.J.S.A. 9:6-8.13.

DOMESTIC VIOLENCE REPORTING PROCEDURES

Employees who are victims of domestic violence are encouraged to seek immediate assistance from their HRO. Employees who have information about or witness an act of domestic violence against an employee, are encouraged to report that information to the designated HRO, unless the employee is required to report the domestic violence pursuant to applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General directives and guidelines that impose a duty to report, in which case the employee must so report to the appropriate authority in addition to reporting to the designated HRO. Nothing in this policy shall preclude an employee from contacting 911 in emergency situations. Indeed, HROs shall remind employees to contact 911 if they feel they are in immediate danger.

Each designated HRO shall:

- A. Immediately respond to an employee upon request and provide a safe and confidential location to allow the employee to discuss the circumstances surrounding the domestic violence incident and the request for assistance.
- B. Determine whether there is an imminent and emergent need to contact 911 and/or local law enforcement.
- C. Provide the employee with resource information and a confidential telephone line to make necessary calls for services for emergent intervention and supportive services, when appropriate. The HRO or the employee can contact the appropriate Employee Assistance Program to assist with securing resources and confidential services.
- D. Refer the employee to the provisions and protections of The New Jersey Security and Financial Empowerment Act, N.J.S.A. 34:11C-1 et seq. (NJ SAFE Act), referenced in this policy.
- E. In cases where domestic violence involved a sexual touching or sexual assault between state employees, the HRO is also required to report the incident to their agency's EEO Officer or

Title IX Officer, **insert name and contact information.**

- F. If there is a report of sexual assault or abuse, the victim should be offered the services of the Sexual Assault Response Team, **insert contact information**
- G. Maintain the confidentiality of the employee and all parties involved, to the extent practical and appropriate under the circumstances, pursuant to this policy.
- H. Upon the employee's consent, the employee may provide the HRO with copies of any TROs, FROs, and/or civil restraint agreements that pertain to restraints in the work place and ensure that security personnel are aware of the names of individuals who are prohibited from appearing at the work location while the employee who sought the restraining order is present. All copies of TROs and FROs shall be maintained in a separate confidential personnel file.

CONFIDENTIALITY POLICY

In responding to reports of domestic violence, the HRO shall seek to maintain confidentiality to protect an employee making a report of, witnessing, or experiencing domestic violence, to the extent practical and appropriate under the circumstances and allowed by law. Thus, this policy does not supersede applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General Directives and guidelines that impose a duty to report.

This confidentiality policy shall not prevent disclosure where to do so would result in physical harm to any person or jeopardize safety within the workplace. When information must be disclosed to protect the safety of individuals in the workplace, the HRO shall limit the breadth and content of such disclosure to information reasonably necessary to protect the safety of the disclosing employee and others and comply with the law. The HRO shall provide advance notice to the employee who disclosed information, to the extent possible, if the disclosure must be shared with other parties in order to maintain safety in the workplace or elsewhere. The HRO shall also provide the employee with the name and title of the person to whom they intend to provide the employee's statement and shall explain the necessity and purpose regarding the disclosure. For example, if the substance of the disclosure presents a threat to employees, then law enforcement will be alerted immediately.

This policy does not supersede applicable laws, guidelines, standard operating procedures, internal affairs policies, or New Jersey Attorney General Directives and guidelines where mandatory reporting is required by the appointing authority or a specific class of employees.

CONFIDENTIALITY OF EMPLOYEE RECORDS

To ensure confidentiality and accuracy of information, this policy requires the HRO to keep all documents and reports of domestic violence in confidential personnel file separate from the employee's other personnel records. These records shall be considered personnel records and shall not be government records available for public access under the Open Public Records Act. See N.J.S.A. 47:1A-10.

THE NEW JERSEY SECURITY AND FINANCIAL EMPOWERMENT ACT

The New Jersey Security and Financial Empowerment Act, N.J.S.A. 34:11C-1, et seq. (NJ SAFE Act), is a law that provides employment protection for victims of domestic or sexual violence.

The NJ SAFE Act allows a maximum of 20 days of unpaid leave in one 12-month period, to be used within 12 months following any act of domestic or sexual violence. To be eligible, the employee must have worked at least 1,000 hours during the 12-month period immediately before the act of domestic or sexual violence. Further, the employee must have worked for an employer in the State that employs 25 or more employees for each working day during 20 or more calendar weeks in the current or immediately preceding calendar year. This leave can be taken intermittently in days, but not hours.

Leave under the NJ SAFE Act may be taken by an employee who is a victim of domestic violence, as that term is defined in N.J.S.A. 2C:25-19 and N.J.S.A. 30:4-27.6, respectively. Leave may also be taken by an employee whose child, parent, spouse, domestic partner, civil union partner, or other relationships as defined in applicable statutes is a victim of domestic or sexual violence.

Leave under the NJ SAFE Act may be taken for the purpose of engaging in any of the following activities, for themselves, or a child, parent, spouse, domestic partner, or civil union partner, as they relate to an incident of domestic or sexual violence:

- 1) Seeking medical attention;
- 2) Obtaining services from a victim services organization;
- 3) Obtaining psychological or other counseling;
- 4) Participating in safety planning, temporarily or permanently relocating, or taking other actions to increase safety;
- 5) Seeking legal assistance or remedies to ensure health and safety of the victim; or
- 6) Attending, participating in, or preparing for a criminal or civil court proceeding relating to an incident of domestic or sexual violence.

PUBLIC EMPLOYER DOMESTIC VIOLENCE ACTION PLAN

The Employer has developed the following action plan to identify, respond to, and correct employee performance issues that are caused by domestic violence, pursuant to N.J.S.A. 11A:2-6a, and in accordance with the following guidelines:

- A. Designate an HRO with responsibilities pursuant to this policy.
- B. Recognize that an employee may need an accommodation as the employee may experience temporary difficulty fulfilling job responsibilities.
- C. Provide reasonable accommodations to ensure the employee's safety. Reasonable accommodations may include, but are not limited to, the following: implementation of safety measures; transfer or reassignment; modified work schedule; change in work telephone number or work-station location; assistance in documenting the violence occurring in the workplace; an implemented safety

procedure, or other accommodation approved by the employer.

- D. Use of Municipal Property Policy

Use of Equipment and Supplies

Employees are responsible for taking care of any equipment assigned to them. Employees of the Township of Little Falls shall not remove, or in any way assist in the removal of supplies, materials, goods, or equipment belonging to the Township from its offices, unless such removal has been authorized by the Township Administrator to support the work from home aspect of the employee's job duties. Employees are not to use equipment, supplies, postage, or other materials of the Township for personal use.

Unauthorized use or removal of municipal equipment and supplies shall be cause for disciplinary action and/or removal from employment.

TELEPHONE AND PERSONAL COMMUNICATION USAGE POLICY

Land-line Telephones. Employer telephones are for official business use only during working time. Charges for all other usage, including personal calls and unauthorized use of such devices, must be reimbursed to the Employer. Working time shall be defined as any time in which the employee is engaged in or required to be performing work tasks for the Employer, and excludes times when employees are properly not engaged in performing work tasks, including break periods and meal times.

Employer-Issued Mobile Phones/Devices. Employer-issued mobile devices may be issued to certain employees in the course of their employment with the Employer. Such Employer-issued devices are the sole and exclusive property of the Employer and are only to be utilized by employees in the course and scope of their employment during working time (any time in which the employee is engaged in or required to be performing work tasks for the Employer not to include times when employees are properly not engaged in performing work tasks, including break periods and meal times.) Employees will be charged for costs incurred due to their personal use of such devices. Accordingly, the Employer reserves the right to monitor the use of the Employer-issued cell-phones without notice, at any time, and any such data collected from the mobile device equipment is the sole and exclusive property of the Employer to be used for any purpose.

Similarly, the Employer reserves the right to review the manner and use of these mobile devices and physically inspect the equipment at any time with or without notice. Accordingly, the employee shall have no reasonable expectation of privacy in any transmissions made or received using a Employer-issued mobile device.

Employees are expected, at all times, to respect the integrity of the Employer-issued mobile devices and to maintain the equipment in proper working condition. If an employee discovers or recognizes that the mobile device is not in proper working condition, it is the employee's responsibility to bring this fact to the attention of his or her supervisor immediately.

Upon termination of employment or in the instance of an upgrade to the employee's phone or service, the employee must return the Employer-issued device to the Employer.

Prohibited Use of Personal Communication Devices. To alleviate distraction and disruption of regular work routines, personal communication devices are strictly prohibited from use during working time (any time in which the employee is engaged in or required to be performing work tasks for the Employer not to include times when employees are properly not engaged in performing work tasks, including break periods and meal times.) while in work areas, except where the Employer has provided such device(s) to employees for business use, or in case of an emergency (such as illness, accident, and calls of a similar emergent nature).

Employees are prohibited from using their personal communication device to copy and/or upload any, confidential information (i.e. Social Security numbers, medical and/or HIPAA protected information, dependent information or other information protected from unlawful disclosure). Employees must make reasonable efforts to obtain supervisor approval prior to making emergency calls during working time. Personal communication devices are defined as, but not limited to, cellular or two-way phones, text-messaging devices, iPhones, Android-enabled devices, BlackBerrys and pagers.

Other Personal Electronic Devices. Employees are not permitted to utilize electronic devices such as personal laptops, game systems, MP3 players, portable DVD players or any other type of personal entertainment systems while at work.

Violation of this policy may subject an employee to disciplinary action up to and including termination.

COMPUTER USE, ELECTRONIC MAIL, AND INTERNET POLICY

The Employer's e-mail, voicemail, computer systems and Internet service are for official Employer business and use for all other non-business purposes during working time is prohibited. "Working time" shall be defined as any time in which the employee is engaged in or required to be performing work tasks for the Employer. Working time excludes times when employees are properly not engaged in performing work tasks, including break periods and meal times. This includes, but is in no way limited to, the use of computers or Employer-issued mobile devices, use of social networking, gaming or TV/video.

Note: All e-mail, voicemail, text, and internet messages are official documents subject to the provisions of the Open Public Records Act ("OPRA"), N.J.S.A. 47:1A1 et seq.

The Employer operates in an environment where the use of computers, e-mail and the Internet are essential tools for certain employees. Those employees are encouraged to use computers, e-mail and the Internet; however, it is the responsibility of the employee to guarantee that these systems are solely used for business-related purposes during working time, (as defined above) and are used in a proper and lawful manner at all times.

- Employees are advised that all computers owned by the Employer are to be used for business purposes only during working time (as defined above), and that they have no expectation that any information stored on an Employer computer is private. Because e-mail messages are considered as business documents, the Employer expects employees to compose e-mails with the same care as a business letter or internal memo.
- Downloading or misusing software available through the Internet could violate copyright laws or licensing requirements.
- Personal use of any computer during working time (as defined above) is prohibited, unless expressly authorized by the employee's supervisor.
- The Employer reserves the right to block or cancel an employee's access to Internet sites or the Internet as a whole while using business computers or on the Employer's time.
- The e-mail, telephone, and Internet systems, as well as the messages thereon, are the property of the Employer.
- The Employer reserves its right to monitor its computer systems, including but not limited to, e-mail messages, computer files and Internet usage, with or without notice, at any time, at the Employer's discretion. The Employer also reserves the right to access and disclose such communications and recordings to third parties in certain circumstances. Therefore, employees shall have no expectation of privacy in any transmissions made or received using Employer computers or email accounts.

- Employees must be aware that the mere deletion of a file or message may not fully eliminate that file or message from the system.
- The existence of personal access codes, passwords and/or "message delete functions," whether provided by the Employer or generated by the employee, do not restrict or eliminate the Employer's access to any of its electronic systems as the employees shall be on notice that they should not have any expectation of privacy when using these systems.
- Employees shall not share personal access codes or passwords, provide access to an unauthorized user, or access another's e-mail or Internet account without authorization.
- The Employer's network, including its connection to the Internet, is to be solely used for business-related purposes during working time (as defined above). If permission is granted, an employee's personal use of the Employer's computer, e-mail and connection to the Internet shall not interfere with the employee's duties and shall comply with the Employer's policies and all applicable laws.
- Any messages or transmissions sent outside of the organization via e-mail or the Internet will pass through a number of different computer systems, all with different levels of security. Accordingly, employees must not send privileged and/or confidential communications (i.e. Social Security numbers, medical and/or HIPAA protected information, dependent information or other information protected from unlawful disclosure), via e-mail or the Internet unless the message is properly encrypted, and should consider a more secure method of communication for such data.
- Because postings placed on the Internet may display the Employer's address or other Employer-related information, and thus reflect on the Employer, make certain before posting such information that it exhibits the high standards and policies of the Employer. Under no circumstances shall data of a confidential, nature (i.e. Social Security numbers, medical and/or HIPAA protected information, dependent information or other information protected from unlawful disclosure) be posted on the Internet.
- If you identify yourself as an employee in any manner on any internet posting or blog, comment on any aspect of the Employer's business or post a link to the Employer, you must include the following disclaimer in an openly visible location: "the views expressed on this post are mine and do not necessarily reflect the views of the Employer or anyone associated/affiliated with the Employer."
- Subscriptions to news groups or mailing lists are permitted only when the subscription is for a work-related purpose and authorized by Employer. Any other subscriptions are prohibited.
- All files downloaded from the Internet, e-mail attachments or the like should be checked for possible viruses. If uncertain whether your virus-checking software is current, you must check with the Employer's Network Administrator before downloading.
- Any "unauthorized use" of e-mail or the Internet is strictly prohibited while at work or while using an Employer computer. "Unauthorized use" includes, but is not limited to: connecting, posting, or downloading obscene, pornographic, violent, sexually suggestive, or discrimination based material; attempting to disable or compromise the security of information contained on the Employer's computer systems; or sending or receiving obscene, violent, harassing, sexual or discrimination based messages. If an employee receives a message that is representative of an "unauthorized use" of the Employer's electronic media from someone outside of the Employer, it is the employee's duty to immediately inform the sender of such materials that he or she must refrain from sending such materials.

- Your Internet postings SHOULD NOT VIOLATE ANY OTHER APPLICABLE EMPLOYER POLICY, including, but not limited to, the following: the Employer’s Anti-Harassment and Discrimination Policies.

Any employee who violates this policy shall be subject to disciplinary action, up to and including termination. This policy shall not be construed to restrict employees' rights to share information about their employment terms and conditions communicate with each other; or engage in other concerted activities for their mutual aid and protection.

Social Network Postings

For purposes of this policy, a social network is defined as a site that uses internet services to allow individuals to construct a profile within that system, define a list of others users with whom they share some connection, and view and access their list of connections and those made by others within that system. The type of network and its design vary from site to site. Examples of the types of internet based social networking activities include: blogging, networking, photo sharing, video sharing, microblogging, podcasting, as well as posting comments on the sites. The absence of, or lack of explicit reference to a specific site or activity does not limit the extent of the application of this provision.

The use of the internet and social networking sites, including but not limited to Snapchat, Facebook, and Twitter, is a popular activity; however, employees must be mindful of the negative impact of inappropriate or unauthorized postings upon the Employer and its relationship with the community. This provision identifies prohibited activities by employees on the internet where posted information is accessible to members of the general public, including, but not limited to, public postings on social networking sites.

Specifically, the Employer reserves the right to investigate postings, private or public, that violate work-place rules, such as the prohibition of sexual harassment and other discriminatory conduct, where such postings lawfully are made available to the Employer by other employees or third parties. Employees should use common sense in all communications, particularly on a website or social networking site accessible to anyone. If you would not be comfortable with your supervisor, coworkers, or the management team reading your words, you should not write them.

Be advised that employees can be disciplined for commentary, content, or images that are defamatory, pornographic, proprietary, harassing, libelous, or that can create a hostile work environment. You can also be sued by agency employees or any individual who views your commentary, content, or images as defamatory, pornographic, proprietary, harassing, libelous or creating a hostile work environment. What you say or post on your site or what is said or posted on your site by others could potentially be grounds for disciplinary action, up to and including termination. However, nothing in this social networking policy is designed to interfere with, restrain, or prevent social media communications during non-working hours by employees engaging in protected concerted activities regarding wages, hours, or other terms and conditions of employment pursuant to the New Jersey Employer-Employee Relations Act or to prevent communications which are protected by the First Amendment freedom of speech clause, unless such communications are made as part of the employees’ official job duties.

Employees must comply with all policies adopted by the Township, including but not limited to policies regarding prohibition of discrimination and harassment and all applicable federal, state and local laws, including laws governing the transmission and dissemination of information while accessing the Internet.

Employees who are using Internet may not:

- Use the network to make unauthorized entry into other computational, informational or communication services or resources;
- Distribute unsolicited advertising;
- Invade the privacy of others;
- Make any attempt to damage computer equipment or software;
- Engage in any activity that is harassing or defamatory;
- Use the Internet for any illegal activity, including violation of copyright or other rights of third parties, or in a manner inconsistent with the Township's tax-exempt status or its proper operation; and/or
- Download unauthorized software, fonts, templates or scripts.

As stated in the Communications Policy above the Township reserves the right to monitor the employee's Internet usage. In addition, the Township has the right to restrict access to specific types of prohibited content through the use of a content filtering system.

Video Surveillance

The Township of Little Falls may install video surveillance camera systems within public buildings Public Rights of way, Public Streets and throughout public areas within Township of Little Falls, primarily as visual deterrents of criminal behavior and for the protection of employees and municipal assets. In implementing these video camera systems, the Township will ensure compliance with federal, state and local laws governing such usage.

The Township's video surveillance camera systems are a significant tool to which the employees of the Township will avail themselves in order to complete the goals and objectives of the Township. Employees are only permitted to use the video surveillance camera systems for a legitimate purpose and with proper authorization. The Township's designee will be responsible for authorization of users. The improper use of these systems can result in discipline up to and including termination.

No employee is permitted to view, continually watch, search, copy or otherwise use one of the Township's video surveillance camera systems or tamper with access, archive, alter, add to, or make copies of any data that has been recorded and stored within any of these systems without (1) a specific legitimate purpose and (2) permission for the designee of the Township.

The Township shall designate a person to be responsible for the maintenance and administration of the video surveillance camera system. Such designee will be responsible for maintaining a user access log detailing the date and name of individuals who view/access a stored recording.

Any employee who becomes aware of any unauthorized disclosure of a video record in a contravention of this policy and/or a potential privacy breach has the responsibility to ensure that Township Administrator and the Chief of Police are immediately informed of such breach.

EMPLOYEE DATING POLICY

The Employer strongly believes that an environment where employees maintain clear boundaries between employee personal and business interactions is most effective for conducting business. Although this policy does not prevent the development of friendships or romantic relationships between coworkers, it does establish very clear boundaries as to how relationships will progress during working hours and within the working environment. Individuals in supervisory relationships or other influential roles are subject to more stringent requirements under this policy due to their status as role models, their access to sensitive information and their ability to influence others.

Procedures.

1. During working time and in working areas employees are expected to keep personal exchanges limited so that others are not distracted or offended by such exchanges and so that productivity is maintained.
2. During non-working time, such as lunches, breaks and before and after work periods, employees are not precluded from having appropriate personal conversations in non-work areas as long as their conversations and behaviors could in no way be perceived as offensive or uncomfortable to a reasonable person.
3. Employees are strictly prohibited from engaging in physical contact that would in any way be deemed inappropriate by a reasonable person while anywhere on Employer premises, whether during working hours or not.
4. Employees who allow personal relationships with coworkers to affect the working environment will be subject to the appropriate provisions of the Employer disciplinary policy which may include counseling for minor problem. Failure to change behavior and maintain expected work responsibilities is viewed as a serious disciplinary matter.
5. Employee off-duty conduct is generally regarded as private, as long as such conduct does not create problems within the workplace. An exception to this principle, however, is romantic or sexual relationships between supervisors and subordinates.
6. Supervisors, managers, executives or anyone else in sensitive or influential positions must disclose the existence of any relationship with another coworker that has progressed beyond a platonic friendship. Disclosure may be made to the immediate supervisor or the Department Head. This disclosure will enable the Employer to determine whether any conflict of interest exists because of the relative positions of the individuals involved.
7. Where problems or potential risks are identified the Employer will work with the parties involved to consider options for resolving the problem. The initial solution may be to make sure that the parties involved no longer work together on matters where one is able to influence the other or take action for the other. Matters such as hiring, firing, promotions, performance management, compensation decisions, financial transactions, etc. are examples of situations that may require reallocation of duties to avoid any actual or perceived reward or disadvantage.
8. In some cases other measures may be necessary such as transfer to other positions or departments.

9. Refusal of reasonable alternative positions, if available, will be deemed a voluntary resignation.
10. Continued failure to work with the Employer to resolve such a situation in a mutually agreeable fashion may ultimately be deemed insubordination and therefore serve as cause for immediate termination. The organization's disciplinary policy will be consulted to ensure consistency, however, before any such extreme measures are undertaken.
11. The provisions of this policy apply regardless of the sexual orientation of the parties involved.
12. Where doubts exist as to the specific meaning of the terms used above, employees should make judgments on the basis of the overall spirit and intent of this policy.
13. Any employee who feels they have been disadvantaged as a result of this policy, or who believes this policy is not being adhered to, should make their feelings known to the Department Head.

Safety Policy

The Township of Little Falls will provide a safe and healthy work environment and shall comply with the Public Employees Occupational Safety and Health Act (PEOSHA). The Township of Little Falls is equally concerned about the safety of the public. Employees are responsible for observing safety rules and using available safety devices including personal protective equipment. Failure to do so constitutes grounds for disciplinary action. Any occupational or public unsafe condition, practice, procedure or act must be immediately reported to the Department Head. Any on-the-job accident or accident involving Township of Little Falls facilities, equipment or motor vehicles must also be immediately reported to the Department Head.

The Township of Little Falls will maintain conditions in accordance with the safety provisions of both the New Jersey Department of Health and the New Jersey Department of Labor.

SECURITY POLICY

The Employer makes every effort to provide for employees' safety and security while at work. The Employer, however, does not accept responsibility for the protection of employees' personal property. The Employer is not liable for loss or damage to personal property.

The Employer maintains a work environment that is free of illegal drugs, alcohol, unauthorized firearms, explosives, or other improper materials. To this end, the Employer prohibits the possession, transfer, sale, or use of such materials on its premises. The Employer requires the cooperation of all employees in administering this policy. Desks, lockers, other storage devices, and Employer vehicles may be provided for the convenience of employees, but remain the sole property of the Employer. Accordingly, they, as well as any articles found within them, can be inspected by any agent or representative of the Employer at any time, either with or without prior notice. The Employer may conduct video surveillance of Employer property to, among other things, identify safety concerns, detect theft, and discourage or prevent acts of harassment and workplace violence. Additionally, the Employer may monitor employee e-mails.

Security is everyone's responsibility. If any employee sees or suspects that an individual is breaching security, it is the employee's responsibility to notify his or her supervisor or Department Head immediately. In the event a serious incident occurs, employees must report it to their Department Head promptly. The following are examples of serious incidents that should be reported immediately:

1. Any accident which results in the injury of a third party while on the premises.
2. Any incident in which physical force is either used by or against an employee.
3. Any incident which involves a crime, or an attempt to commit a crime, such as robbery or the theft of money.
4. Any incident in which a serious unfavorable reaction from the public might be expected.
5. The loss of Employer keys.
6. Any other incident, which an employee believes is of a nature that it should be brought to the attention of the Department Head without delay.

Employees are encouraged to make any reports, in writing, so that they may be properly addressed by the Employer.

Resignation Policy

An employee who intends to resign must notify the Township Administrator in writing at least two weeks in advance. After giving notice of resignation, employees may be expected to assist their Department Head and co-employees by providing information concerning their current projects and help in the training of a replacement. The Township Administrator will prepare an Employee Action form showing any pay or other money owed the employee. A COBRA notification letter will be sent to the employee's home address. The exit interview will also include an open discussion with the employee. On the last day of work, and prior to receiving the final paycheck, the employee must return the Employee Identification Card, all keys and equipment. At this time, the employee will sign the termination memo designating all money owed and this memo will be retained in the official personnel file.

Conflict of Interest Policy

Employees including Township of Little Falls officials must conduct business according to the highest ethical standards of public service. Employees are expected to devote their best efforts to the interests of the Township of Little Falls. Violations of this policy will result in appropriate discipline including termination.

The Township of Little Falls recognizes the right of employees to engage in outside activities that are private nature and unrelated to Township of Little Falls business. However, business dealings that appear to create a conflict between the employee and the Township of Little Falls interests are unlawful under the New Jersey Local Government Ethics Act. Under the Act, certain employees and officials are required to annually file with the Township of Little Falls Clerk a state mandated disclosure form. The Township of Little Falls Clerk will notify employees and Township of Little Falls officials subject to the filing requirements of the Act.

A potential or actual conflict of interest occurs whenever an employee including a Township of Little Falls official is in a position to influence a Township of Little Falls decision that may result in a personal gain for the employee or an immediate relative including a spouse or significant other, child, parent, stepchild, sibling, grandparents, daughter-in-law, son-in-law, grandchildren, niece, nephew, uncle, aunt, or any person related by blood or marriage residing in an employee's household. Employees are required to disclose possible conflicts so that the Township of Little Falls may assess and prevent potential conflicts. If there are any questions whether an action or proposed course of conduct would create a conflict of interest, immediately contact the Township Administrator who may contact the Township Attorney to obtain clarification.

Employees are allowed to hold outside employment as long as it does not interfere with their Township of Little Falls responsibilities. Employees are prohibited from engaging in outside employment activities while on the job or using Township of Little Falls time, supplies or equipment in the outside employment activities. POLITICAL ACTIVITY

Employees have exactly the same right as any other citizen to join political organizations and participate in political activities, as long as they maintain a clear separation between their official responsibilities and their political affiliations. In accordance with State law, employees are prohibited from engaging in political activities while performing their public duties and from using the Employer's time, supplies or equipment in any political activity. Political activities include, but are not limited to, advocating the election or appointment of any candidate for office, verbally or otherwise, and soliciting funds for campaigns or campaign materials.

Additionally, State law precludes employees from directly or indirectly using their position to control or affect the political action of another person. In accordance with the Hatch Act and Federal regulations, an employee whose principal employment is with a program financed in whole or in part by Federal funds or loans shall not:

- be a candidate for public office in a partisan election in the Township of Little Falls. (This provision does not apply to the elected head of an executive department or an individual holding elective office, where that office is the sole employment connection to federally funded programs.)
- use his/her official authority to influence, to interfere with or affect election results or nominations for office.
- directly or indirectly coerce contributions from any employee to support a political party or candidate. See The Hatch Act, 5 U.S.C. § 1501 et seq.

Violations of either State or Federal laws are serious matters and such violations should not be taken lightly. Any employee engaging in such political activities during working hours will be subject to disciplinary action up to and including termination of employment. Employees who engage in political activities during their non-working hours must not represent themselves as spokespersons for the Employer. Employees should report any violation of this policy to their supervisor or Department Head.

All applicants for positions that require a CDL license and all employees whose job requires them to possess a CDL license shall be excluded from this Alcohol and Drug-Free Workplace policy. Instead, these employees are governed by Federal and State regulations, as well as the attached CDL Drug and Alcohol Testing Policy (Appendix A). Employees hired with the understanding that they must obtain a CDL license will be covered under this Alcohol and Drug-Free Workplace Policy until they obtain their CDL license.

YOUR ROLE AND RESPONSIBILITIES

DRUG-FREE WORKPLACE

The Township of Little Falls is committed to maintaining a safe, pleasant, and productive working environment. You have the right to come to work without fear of interacting with someone under the influence of drugs or alcohol. This is considered a Health & Safety Policy of the Township. This Policy highlights the Township's New Jersey Drug-Free Workplace Policy. The Township's Designated Employer Representative (DER)

The Township recognizes the prime importance to the Township of protecting the safety, health and welfare of its employees and others with whom we interface such as citizens, contractors and members of the public. The objective of this policy is to maintain a working environment free from the adverse effects of substance abuse. While the Township has no intention of intruding into the private lives of its employees, the Township does expect employees to report to work unimpaired able to perform the duties of their job safely and effectively. In addition to absenteeism and accidents, substance abuse can adversely affect performance, productivity and workplace morale. Co-workers may feel that they have to cover up, or work harder because of someone's substance abuse. Ultimately an employee with an alcohol or drugs problem may lose their job and/or suffer devastating effects on their health. The Township has a duty to safeguard its employees and the public from the risk of harm from employees who work under the influence of alcohol and drugs. Similarly, employees who are working under the influence, and employees who know that a fellow employee is working under the influence, owe such a duty. The failure to honour that duty by taking the right steps to prevent this risk can result in legal liability. All employees and contractors are responsible and accountable for ensuring that they, and their employees, are not under the influence of alcohol or drugs when carrying out work for the Township. Managers and supervisors are responsible for taking appropriate action where they identify individuals who are at work while under the influence of alcohol or drugs. They should also take appropriate action to protect the health and safety of individuals who may be affected.

To the extent this Policy supplements, and does not conflict with current collective bargaining agreements, it is applicable. However, to the extent this policy may conflict with a current collective bargaining agreement (CBA), the CBA shall prevail.

All testing information is considered confidential information by the Township and will be maintained in a separate file along with the employee's medical records, separate from other personnel files. An employee has the right to inspect and obtain a copy of his or her drug test results. Drug testing information will only be released to those employees of the Township with a job related need to know, the DER and Alternate DER, to defend against any administrative action brought by the employee against the Township, in

grievance or arbitration proceeding under the terms of a collective bargaining agreement, in a court of law under subpoena, as released by the employee in writing, the MRO, Township insurers, rehabilitation programs and as otherwise required by law. Our Drug-Free Workplace Policy does not tolerate the abuse of drugs or alcohol in the workplace. Understand that this Policy prohibits illegal drug use on or off the job. We encourage any employee suffering from a substance abuse problem to seek help. If you need help, we can direct you to our Employee Assistance Program (EAP) Substance Abuse Professional (SAP) for a confidential evaluation and referral for substance abuse treatment if necessary. Notice of the Township's New Jersey Drug-Free Workplace testing will be provided on vacancy announcement and is posted in conspicuous locations on Township premises.

Our program can help improve your health and help you avoid trouble with the law. Even if you do not use drugs or alcohol, this program will make your workplace safer and more productive, the Township safer, and will help your friends and co-workers get the help they need. Compliance with this policy is a condition of your hire or continued employment, except to the extent this policy may conflict with a current collective bargaining agreement (CBA), which CBA shall prevail. The Township has developed its drug-free workplace policy in compliance with New Jersey Laws, *and the Fourth Amendment to the United States Constitution as it covers employees of governmental entities*. Applicant testing will begin immediately and sixty (60) days after the effective date of Township, all employees are subject to testing as outlined below. The existing drug and alcohol testing program will remain in place until the effective date of this program.

WHO DO WE TEST?

All employees performing safety-sensitive functions, and all final applicants for positions where safety-sensitive functions are performed, and all other employees where reasonable suspicion exists. All DOT regulated employees are also subject to testing under this policy. Using the criteria below, the following positions have been classified by the Township as safety-sensitive: ****attached list of job classifications****. Elected officials who are not otherwise classified as employees are not subject to testing under this Policy.

SAFETY-SENSITIVE CLASSIFICATIONS

Safety-sensitive employees are those employees who discharge duties fraught with risks of injury to others that even a momentary lapse of concentration can have disastrous consequences. Factors which have been considered in determining whether a position is safety sensitive include handling of potentially dangerous machinery, sharp objects, working at heights, positions requiring a high level of cognitive function, mostly unsupervised responsibility for children, and handling of hazardous substances in an environment where others could be injured. Positions which have been found to be safety-sensitive include firefighters, emergency medical technicians, law enforcement officials who carry firearms, fire and police dispatchers, 911 operators, heavy machinery operators, forklift operators, bus drivers, some (but not all) transportation workers, pipeline operators, gas meter repairmen, jail officers, and those involved in security functions. All Department of Transportation (DOT) regulated employees are determined to be safety-sensitive by those regulations. Unless an employee comes under drug testing regulations of some federal agency, each position, job classification or department, should be individually evaluated to determine whether the employee is safety-sensitive in accordance with the above guidelines. (Attach safety-sensitive job classifications on separate sheet if necessary.)

HOW DO WE TEST?

Drug and alcohol testing is done through chemical analysis which determines without question if a person has drugs or alcohol in his or her system and in conformity with regulations of the New York Department of Health, New Jersey Department of Health, or CLIA. Specimens subject to testing include urine, breath, hair, oral fluids, or blood. Specimen collections, chain of custody and drug and alcohol tests will be in substantial compliance with the U.S. Department of Transportation (DOT) procedures if applicable to the type of specimen being tested. To ensure accuracy, urine lab test procedures shall include a preliminary drug screening, two highly sophisticated scientific tests including adulterant detection, and are reported to an independent certified Medical Review Officer prior to being released to the Township. Observed urine collections will only be conducted with the consent of the donor, and the observer will be by a person whose gender matches the donor's gender as identified by the donor at the beginning of the observed collection. Observed collections will be conducted in a professional manner that minimizes discomfort to the donor, and a medical professional may serve as the monitor, regardless of gender. The Medical Review Officer may recommend the collection of an alternate specimen (e.g., oral fluid) when a donor is unable to provide a sufficient amount of urine specimen at the collection site. The MRO will verify that chain of custody procedures were adhered to, use of a certified laboratory and that the test results were valid. The Township provides reasonable accommodations to employees and/or applicants in the alcohol and drug testing program whose physical condition prevents them from producing a urine specimen suitable for testing. You may contact the DER if you wish to make an accommodation request. In accordance with Township policy, a test result reported by the laboratory as a negative dilute urine test is not considered a negative test but subjects the donor to immediate retesting; and a second negative dilute urine test will render an applicant ineligible for hire and current employees, where a negative test is required, not currently fit for duty. FDA approved on-site screening devices may be utilized with all initial positive results confirmed by laboratory testing.

All positive initial tests are confirmed by GC/MS at established DOT cut off levels. An Alcohol content of 0.04 or higher using a DOT approved alcohol screening device, or breath alcohol device, is classified as a positive test. The drugs tested for may include all or some of the following: (1) Amphetamines; (2) Cannabinoids; (3) Cocaine; (4) Phencyclidine (PCP); (5) Opioids, designer drugs, or a metabolite of any of the above substances and mind altering synthetic narcotics or designer drugs, or impairing effect medications or substances, taken by employees working in a safety-sensitive classified position, in order for the employer to fulfill its duty to provide a safe place to work as a safety rule. The term "illegal use of drugs" includes any controlled or scheduled drug not used in accordance with a health care provider's lawful prescription for the user, or any substances banned by Federal or applicable State laws.

WHAT IF YOU TEST POSITIVE?

The Medical Review Officer will contact you confidentially to give you an opportunity to discuss your results before reporting them to the Township as a verified positive. You may discuss the result with the MRO up to seventy-two (72) hours of a positive result and ask questions of the MRO about prescription and non-prescription medications, rebut or explain the test results to the MRO, and provide supporting documentation. During this 72 hour period, any applicant or employee may request that their split specimen be tested at a second laboratory and if positive, they will be responsible for that expense and that cost may be deducted from their paycheck, depending upon the result and, if negative, the employee will be reimbursed by the Township for the cost of the test and any lost time. Under federal regulations, the MRO has the discretionary authority to notify the Township that an employee is temporarily medically disqualified from the performance of safety-sensitive work during this evaluation period and also has the duty to notify the Township if the employee is taking an impairing effect medication. A positive drug or

alcohol test is classified as willful misconduct and a violation of the Township's Policy. Any employee who tests positive, or refuses to be tested, may be subject to appropriate disciplinary action for engaging in willful misconduct connected with work, up to and including immediate termination, for gross misconduct connected with work, and violation of a safety rule for those employees working in a safety-sensitive position and/or forfeit eligibility for Worker's Compensation benefits *N.J. Stat. Ann. § 34:15-7* if post-accident and may adversely affect an employee's eligibility to receive Unemployment Compensation benefits. Any applicant made a conditional offer that tests positive, or refuses to be tested, will be denied employment or have their offer withdrawn.

WHAT IF YOU FAIL TO FOLLOW SAFETY GUIDELINES?

Often times, impairment from drugs or alcohol will cause an employee to fail to adhere to safety guidelines and other common sense safe working practices. Failure to wear a seatbelt, failure to use Township provided or required safety equipment, failure to follow safety guidelines, or removal (or disabling) of a safety guard will be willful misconduct connected with work, and subject the employee to discipline, up to and including discharge for violation of Township Policy.

WHAT ABOUT IMPAIRING EFFECT MEDICATIONS OR SUBSTANCES?

Any employee working in a safety-sensitive position as defined by Township Policy is required, as a safety rule, to pre-duty disclosure that they are taking or using ANY impairing effect prescription, including medical marijuana, over-the-counter medications, mind altering synthetic or designer drugs or other substance which may have an effect on performance of safety-sensitive duties. This includes medical and recreational Marijuana, the use of which the Township, for safety reasons, will not be able to accommodate employees working in safety sensitive positions. However, for employees who are qualifying medical marijuana cardholders reporting to work in those states which have statutory anti-discrimination against the use of medical marijuana laws, qualifying employees, and applicants, may request a reasonable accommodation by contacting the DER and such request will be considered. If the fact that the employee is taking or using an impairing effect medication or substance is not disclosed pre-duty by a safety-sensitive employee and the employee tests positive, is otherwise determined to be taking or using such, or is determined by the MRO to be a potential safety risk due to taking or using an impairing effect medication or substance, that employee will be subject to discipline, up to and including termination, for violation of this safety rule. If disclosure is made, the Township reserves the right to send the employee for a Fitness-for-Duty evaluation to evaluate the medication or substance and its effects on the performance of safety-sensitive duties. In advance of testing, employees are encouraged to have their own doctor make an individualized assessment of any safety related risks of the medications or substances which they are taking or using, providing the doctor a copy of their job description and having the doctor to render an opinion on the safety related risks. The employee need not disclose to the Township the medication or medical condition involved to fulfill the disclosure obligation of this Policy. All information provided will be kept separate from personnel files and in a confidential manner. The MRO, or another Medical Professional selected by the Township, will make the final determination on the safety related risks of any particular medication or substance.

WHAT IF AN ADULTERANT IS FOUND?

The use of an adulterant (something added to a specimen to attempt to hide drug use) is considered a refusal to test and a violation of the Policy. The same would be true if you attempted to substitute a specimen. Any employee who is found to have violated this Policy by attempting to defraud a drug or alcohol test may be subject to appropriate disciplinary action, up to and including termination for willful misconduct connected

with work, or withdrawal of a job offer. No last chance opportunity is available under such a circumstance. It is a criminal offense to substitute or adulterate a test specimen. It also is a criminal offense in New Jersey to manufacture, sell, give away, or possess any device or substance designed or commonly used to substitute or adulterate a test specimen. *N.J. Stat. Ann. § 2C:36-10*. The MRO may declare a urine specimen to be adulterated or substituted based on the laboratory report.

WHAT IF I REFUSE?

A refusal to provide a specimen for testing, unless the MRO agrees a medically valid reason exists for your inability, will be considered willful misconduct connected with work. Such willful misconduct connected with work will cause an applicant's offer to be withdrawn and will subject an employee to immediate termination for cause. Under New Jersey law, unemployment compensation benefits may not be available in such a circumstance. Failure to report for specimen collection within a reasonable time, two (2) hours of being directed to do so is also classified as a refusal under the Township Policy.

DRUG EDUCATIONAL INFORMATION

Attached to this Policy you will find drug educational information to assist you in recognizing the impairing effects of drug use. The Township will conduct employee education of substance abuse education and awareness and supervisor training on how to recognize signs of abuse, how to document and collaborate signs of employee substance abuse, and how to refer substance abusing employees to the EAP.

WHAT IF YOU HAVE A SUBSTANCE ABUSE PROBLEM?

The Township will provide support for employees who need support and help with alcohol or drugs dependency via confidential Employee Assistance Program (EAP), Substance Abuse Professional (SAP) or Medical/Occupational Health support services. Employees who proactively seek treatment will be treated sympathetically and in a confidential manner. In certain cases this may require a transfer to other duties (e.g. where a person is working in a safety critical role) while the individual is receiving treatment. However the fact that an employee is seeking or undergoing treatment will not be a defence to a charge of wilful misconduct if the employee report for work under the influence of alcohol or drugs. Our Policy encourages any employee with a drug or alcohol problem to voluntarily and confidentially seek help through our EAP/SAP program. Coming forward after you have been notified to report for testing is not considered a voluntary report. For confidential help with a substance abuse problem, contact the DER or the EAP/SAP. Counseling and rehabilitation for alcohol or substance abuse is available through the EAP, and may also be available under the health and welfare benefit program for employees, *only to the extent of the current benefits package*. The Township will assume no direct financial responsibility for counseling or rehabilitation costs of an employee, not covered by the EAP. Any costs in addition to or in excess of any available health benefits are the employee's responsibility. A list of state and national **Substance Abuse Resources** is a part of this Policy.

WHAT ABOUT A LAST CHANCE OPPORTUNITY?

No last chance opportunity is available to a probationary, part time or temporary employee, or in the case of refusal, attempted adulteration, substitution, switching, tampering with, or diluting of a specimen or attempt to defraud a drug test. Employees who receive an EAP/SAP evaluation favorable for rehabilitation may be offered a last chance agreement which will subject the employee to unannounced follow-up testing for up to 12 months, together with other educational and counseling requirements as recommend by the EAP/SAP. A negative return to duty test is required to be placed back on active duty. A positive test, refusal

or failure to comply with any term of the last chance agreement during this follow-up period will subject the employee to immediate termination.

WHY AND WHEN DO WE TEST?

- Pre-employment: Drug testing will be performed on all final applicants for safety-sensitive positions, or who transfer into a safety-sensitive position, as a condition of their employment.
- Routine Fitness-for-Duty: Safety-sensitive employees may be required to submit to a drug test as part of a routine Fitness-for-Duty examination and may be based on a particular job classification.
- Reasonable Suspicion: All employees will be required to submit to a drug and/or alcohol test if the Township has a reasonable suspicion that an employees is under the influence of drugs or alcohol, which adversely affect or could adversely affect the employee's job performance. Employees selected for testing shall be suspended until a negative drug/alcohol screen or laboratory test result is received. If a negative result the employee will not suffer a loss of pay.
- Post-Accident/Incident Testing: Testing of Safety-sensitive employee may be conducted under any of the following circumstances: 1) the employee involved in the incident/accident was actively engaged in the activity which objectively could have caused or contributed to the injury or damage; or 2) the employee was operating, controlling, or repairing any machinery, tool, device, equipment or vehicle that was involved in the incident/accident; or 3) the employee's action or in-action was likely a contributing factor to the incident/accident or cannot be completely discounted as a contributing factor based on current info; or 4) testing is being conducted as part of the Township's Post Incident/Accident Investigation related to possible Workers' Compensation Disqualification; or 5) testing is being conducted for other non-injured employees whose actions, or in-action, could have contributed to the incident/accident as part of a root cause investigation; or 6) post-accident drug testing is required by the Workers' Compensation Carrier or Fund.
- Random: Employees in safety-sensitive positions are subject to random drug testing. Those subject to testing are randomly selected, using scientifically valid methods, from a "pool" of covered employees. Non-DOT safety-sensitive employees may be included in a Non-DOT testing "pool." DOT regulated employees should only be placed in a DOT testing "pool."
- Rehabilitation/Follow-up: An employee who has voluntarily requested rehabilitation prior to a positive drug test may be subject to unannounced drug and/or alcohol testing under a work continuation agreement, to determine whether he or she is under the influence of alcohol or drugs after successful completion of the rehabilitation program. The testing will be without notice in conjunction with a referral for treatment.

Action will be taken against employees who are convicted for an off-the job alcohol offence. In deciding what action will be taken, the incident will be evaluated in terms of the nature of the conviction, the employee's job assignment, the employee's record with the Township and other factors related to the impact of the employee's conviction on the Township.

Drug Educational Information Alcohol (Depressant)

Common Forms:	Beer, wine, hard liquor
How Used:	Oral ingestion, patterns of use vary.
Desired Effect:	People drink to relax, to socialize, as a part of a religious ceremony, for the control of physical and emotional pain, or for a variety of other reasons. Its depression of the central nervous system is progressive and continuous. It is a mood-modifying drug that usually provides a temporary feeling of mild euphoria and stimulation. This is a result of the initial depression of the higher centers of the brain which control inhibition. The more you drink, the more sedated you then become.
Time in body:	Depends on many factors, such as body size, amount of alcohol consumed within an hour, and other individual factors. Performance is effected in relation to the amount consumed. Generally, a medium-sized person eliminates the equivalent of one drink per hour. However, "hangover" effects of alcohol have been documented for as long as 14 hours after consuming an intoxicating dose, well after the blood alcohol levels have returned to zero.
Observable effects:	Staggering gait Slurred speech Odor of alcoholic beverage Shaky hands Poor eye-hand coordination Slowed reaction time Eyes react slowly to light - wears sun glasses
Work behavior:	Arrive late, leave early, mis-outs Neglect of physical appearance Restlessness Tremors (hands, face, fingers, lips tongue) Slurred speech Uninhibited - makes inappropriate remarks
Material Indicators:	Empty liquor bottles, cans, often in paper bags Flasks, sometimes disguised as other things
Slang Terms	Booze, juice, hooch, grape, eye-opener, hair-of-the-dog, brew, suds, etc

Amphetamines (Amphetamine and Methamphetamine) Stimulant

Common forms:	Amphetamine - usually capsules or white, flat, double-scored pills. Methamphetamine - white or granular powder, often packaged in aluminum foil or plastic bags.
How used:	Orally, sniffed up the nose, or injected.
Desired effects:	Most commonly sought after effects include euphoria, postponement of fatigue, increased energy, alertness and feelings of personal power. Repeated or chronic use often causes a strong dependence reaction and a schizophrenic loss contact with reality. Users coming off the drug experience extreme fatigue-induced sleep ("crash"), often followed by continued fatigue and depression.
Time in body:	Injection or sniffed up the nose; "rush" felt within 1 minute. Orally, effects felt within about ½ hour. Single doses detectable for about 48 hours.

Observable effects:	Dilated pupils. Flushed face, rapid respiration, profuse sweating. Hyper-excitability, talkativeness, restlessness. "Stereotypic" behavior often seen: person engages in repetitive tasks or mannerisms for extended periods of time. In large doses, inability to concentrate, confusion, panic.
Work behavior:	Try to do job beyond competence level. Impaired ability to operate equipment. Takes chances, risks.
Material Indicators:	Pills, capsules, white powder, granular crystals Foil wrapped tubes, baggies. Hypodermics and paraphernalia for injections
Slang terms:	Defies, bennies, speed, crank, ice, crystal, white crosses, black beauties

Cocaine - A Stimulant

Common forms:	Cocaine - White crystalline powder. Free-base cocaine (crack) - white granular "rocks"
How used:	Cocaine--usually snorted up the nose through a straw or from a "coke spoon" after being chopped to a fine powder with a razor blade. "Crack" -- freebase cocaine--is a processed version which is vaporized in a pipe and inhaled. Either form may also be injected.
Desired effect:	Most commonly sought after effects are euphoria, stimulation, postponement of fatigue and feelings of personal power. The "high" lasts approximately one hour, with a "down" follow-on period. Psychological and physical dependence to "crack" after one to two uses; dependency to snorted coke takes longer to develop.
Time in Body:	Single doses detectable for 12-24 hours
Observable effects:	Dilated pupils. Talkativeness, restlessness. Sniffing, runny nose, irritated or bloody nose. Dramatic mood swings, from "down" to "up" in minutes. Sense of power sometimes manifested in aggressiveness
Work issues:	Frequent trips "to the restroom"—secluded place. Frequent sick-outs and unexplained absences. Hyper-excitability and over-reaction to stimulus. Isolation/withdrawal from friends and activities. Financial problems--borrows, steals and/or sells to support habit. Insomnia, restlessness, lack of sleep
Material Indicators:	Small folded paper envelopes (bindles), plastic bags, small vials used to store drug. Razor blades, mirrors, cut off straws, coke spoons. Small glass pipes, and heat sources used to volatilize crack.
Slang terms:	Coke, snow, toot, crack, blow, happy dust, "C"

Marijuana

Common forms: Dried green-brown flowers and leaves of the hemp (cannabis) plant--also as compressed tar like lumps (hashish) and sometimes as an oil to be spread on cigarettes (hash oil).

How used: Generally smoked in hand-rolled cigarettes (joints) or a small pipe, sometimes eaten in baked goods or steeped to make a tea.

Desired effects: Effects are somewhat dependent on the user and potency of the plant. Low doses tend to produce a dreamy state of relaxation and euphoria with changes in sensory perceptions (usually intensified) and alteration in thought formation and expression. Higher doses intensify these reactions with fragmentation of thought, memory impairment, shortened attention span, and illusions of insight. Marijuana currently sold on the street is 10 times more potent today than in past years.

Time in body: Marijuana dissolves in body fat cells and is detectable for extended periods of time--up to seven (7) days for occasional users and four (4) weeks or longer for chronic users

Observable effects: Red bloodshot glassy eyes (users often wear dark glasses and use eye drops to combat). Poor muscular control. Rambling, disconnected speech patterns. Euphoria--as laughing out of context. Getting "hung up" - i.e. going into the bathroom to comb your hair and coming out two hours later. Distinctive odor in air and/or on clothing.

Work issues: Lack of attention, vision and auditory changes, and poor muscular control. Inability to respond to emergencies and sudden situational changes. Frequent sick-outs and mis-outs. Lackadaisical "I don't care" attitude about person and work. Chronic health problems for frequent users--persistent cough, fatigue, frequent sickness.

Material indicators: Baggies of green-brown vegetable matter; rolling papers; small pipes (for marijuana) and very small pipes (for hashish); "roach clips" to hold the burned end of the marijuana cigarette; "roaches" discarded on the floor or in ash trays; distinctive odor of marijuana in the air.

Slang terms: Dope, grass, reefer, weed, ganja, pot, etc.

Opioids (Morphine and Codeine)--Narcotic Depressants

Common forms: Street forms are pills, liquids and powders. Morphine is derived from opium. Opium dissolved in alcohol, containing 10% morphine, is legally available in many states as "paregoric."

Morphine and codeine are widely used medicinally. Morphine is a naturally occurring alkaloid, and is also found in products containing poppy seeds. Heroin is a semi-synthetic derivative of morphine.

How used: Opium is usually smoked. Codeine is most commonly taken orally. Heroin and morphine are injected; powders can be snorted; cigarettes can be dipped in paregoric and smoked.

Desired effects: Most commonly effects include euphoria, relief from pain, and a feeling of dissociated well-being. Low maintenance doses allow the addict to function on a daily basis. The heroin user experiences a "rush" described as a very pleasurable whole body reaction lasting 5-10 minutes, followed by several hours of mental and physical relaxation.

Time in body: Single doses are usually detectable for 48-72 hours.

Observable effects:	Pinpoint pupils. Sweating, nausea, vomiting in novice users. "Nodding off"--the head drooping toward the chest, then bobbing up. Overly calm, detached facial expression. Confusion, mental dullness and slurred speech. Needle marks over veins.
Work issues:	Increased sick-outs, mis-outs. Lack of interest in work, no attention to detail. Sharing of needles brings a high risk of contracting hepatitis and/or AIDS. High cost of the addiction may lead to borrowing money, stealing and selling (on or off the premises).
Material indicators:	Foil or paper "bindles" for holding the drug. Charred spoons or bottle caps, used to cook the drug. Multiple burned matches used to cook the drug. Needles, syringes, eye droppers used for injection. Balloons or prophylactics used to hold drug. Bloody tissue papers, blood on shirt sleeves.
Slang terms:	Heroin, dope, smack, shit, hard stuff, "H", china, monkey dust, china white, etc.

Phencyclidine (PCP)

Common forms:	Pills, liquid, powder, and PCP cigarettes
How used:	Usually smoked with tobacco or marijuana, but may be injected, swallowed, eaten or snorted.
Desired effects:	Users report desirable feelings of immobility, numbness, and detachment. Other sought-after effects include feelings of strength, power, and invulnerability, a dream-like detachment from reality (often coupled with lack of coordination).
Time in body:	Usually detectable 1- 8 days, but chronic users may test positive for several weeks following the last dose.
Observable effects:	Low doses: Sedated, euphoric, uncoordinated behavior. Wide mood swings. Sparse and purposeless speech. Muscle rigidity and jerky eye movements (nystagmus).
High doses:	Coma-like states with muscle rigidity and staring, half-closed eyes. Sudden stimuli may send the user into a psychotic state, with extreme agitation, violent behavior, abnormal strength, and inability to speak or comprehend.
Work issues:	Wide mood swings, unpredictable behavior, aggressive. Tremendous liability in the work force.
Material indicators:	Cigarettes that look as if they have been wet. Crystals, liquids or powders in small vials. Folded aluminum foil or paper packets.
Slang terms:	PCP, angel dust, hog, dust, DOA, shermans, sherms, peace pills, dummy, etc.

EMPLOYEE ASSISTANCE PROGRAM

**TOWNSHIP OF LITTLE FALLS
ALCOHOL AND DRUG-FREE WORKPLACE POLICY
NEW JERSEY NON-DOT**

NOTICE TO ALL EMPLOYEES AND APPLICANTS

DRUG-FREE WORKPLACE

Township of Little Falls (the Township) is committed to maintaining a safe, pleasant, and productive working environment. You have the right to come to work without fear of interacting with someone under the influence of drugs or alcohol. This Policy highlights the Township's New Jersey Drug-Free Workplace Policy. The Township's Designated Employer Representative (DER) .

The Township recognizes the prime importance to the Township of protecting the safety, health and welfare of its employees and others with whom we interface such as citizens, contractors and members of the public. The objective of this policy is to maintain a working environment free from the effects of substance abuse. While the Township has no intention of intruding into the private lives of its employees, or preventing them from taking the medicine that they may need to stay safe and healthy, the Township does expect employees to report to work unimpaired able to perform the duties of their job safely and effectively. In addition to absenteeism and accidents, substance abuse can adversely affect performance, productivity and workplace morale. Co-workers may feel that they have to cover up, or work harder because of someone's alcohol or drug use. Ultimately an employee with an alcohol or drugs problem may lose their job and/or suffer devastating effects on their health. The Township has a duty to safeguard its employees and the public from the risk of harm from employees who work under the influence of alcohol and drugs. Similarly, employees who know that a fellow employee is working under the influence, owe a similar duty. The failure to honour that duty by taking the right steps to prevent this risk can result in legal liability.

To the extent this Policy supplements, and does not conflict with current collective bargaining agreements, it is applicable.

Notice of the Township's New Jersey Non-DOT Drug and Alcohol testing will be provided on vacancy announcement and is posted in conspicuous locations on Township premises.

Our program can help improve your health and help you avoid trouble with the law. Even if you do not use drugs or alcohol, this program will make your workplace safer and more productive, the Township safer, and will help your friends and co-workers get the help they need. Compliance with this policy is a condition of your hire or continued employment. The Township has developed its drug-free workplace policy in compliance with New Jersey Laws, *and the Fourth Amendment to the United States Constitution as it covers employees of governmental entities*. Applicant testing will begin immediately and sixty (60) days after the effective date of *****Effective Date*****, all employees are subject to testing as outlined below. The existing drug and alcohol testing program will remain in place until the effective date of this program.

TOWNSHIP OF LITTLE FALLS

**DESIGNATED EMPLOYER REPRESENTATIVE (DER) GUIDELINES
ON USE OF FORM TOOLKITS**

The following are helpful tips the DER and/or alternate DER may wish to consult in fulfilling their duties and responsibilities:

Getting Started:

Populate the **Drug and Alcohol Testing Policy Development Worksheet** with the information specific to your entity and have this reviewed by legal counsel. As part of this process, you should complete the **Determination of Safety-Sensitive Positions [DFW04]**. That is a significant role in designating those as safety-sensitive in your policy.

Establish date for introduction of the **Drug and Alcohol Testing Policy** to employees. This Policy includes the following parts: (1) Policy, (2) Drug Education Information, (3) Substance Abuse Professionals resource list. You should secure a drug and alcohol awareness video for the meeting and send out notice of meeting date and time. Make a copy of the **Policy** for each employee. **Note:** the **Forms Toolkit** and **DER Guidelines** are not to be given to the employees at the meeting but can be viewed by them at any time.

On the date of the employee awareness training, have an **Employee Awareness Training Session Log** out for employees to sign. Distribute to each employee the following 4 part Policy: **Drug and Alcohol Testing Policy, Drug Education Information, Substance Abuse Professional resource list, and the Active Employee Certificate of Agreement, Receipt of Drug-Free Workplace Policy Consent Form**. Then walk through significant Policy provisions. At the end of the program have each active employee sign the **Active Employee Certificate of Agreement Receipt of Employee Policy Statement Consent Form [DFW01]** and place in their personnel file.

Establish a time and date to conduct reasonable suspicion training for supervisors. This training should be one hour for alcohol and one hour for drugs and conducted by someone who can issue certifications of such training.

Prepare file folders for your Drug and Alcohol Testing Policy records retention and maintain these files separate from personnel files as you would medical records.

Select a Certified Medical Review Officer, Laboratory, collection site and Third Party Administrator to assist with your program.

Applicant/Employee Testing

Have all applicants sign the **Pre-Employment Substance Testing, Consent and Release Form [DFW02]** before you schedule them for a pre-employment drug test.

If the employee fails to show for testing on time, you should receive a call from the collection site. Failure to show up on time is usually determined to be a “refusal to test” subjecting the employee to discipline or rejection of application under your **Policy**. If there is a refusal, you may wish to consider faxing an **Acknowledgment of Consequences of Refusal to Participate in Drug or Alcohol Testing [DFW03]** to the collection site while the employee is still present.

CMRO Report

You should get to know your Certified Medical Review Officer (CMRO) and request that he/she explain their role and answer your questions.

Post-Accident

In the event the employee is involved in a work place accident, check that the employee is drug tested in accordance with your Policy and worker’s compensation requirements.

Reasonable Suspicion

The trainer that you have selected for Supervisory Reasonable Suspicion training should be able to provide you both Contemporaneous and Long-term Observation checklists.

Refusal to Submit to Testing

Use **Acknowledgment of Consequences of Refusal to Participate in Drug or Alcohol Testing [DFW03]** and have two (2) supervisors sign verifying that refusal.

Removal from Safety-Sensitive Duty on a Verified Positive or Refusal

Do not wait on the CMRO’s written report but act upon the CMRO’s oral report of verified positive drug test, adulterated or substituted drug test.

Determination of Safety-Sensitive Positions [DFW04]

To: ***DER***
From: ***Safety-Sensitive Evaluator***
Re: Determination of Positions Classified as Safety Sensitive

I have reviewed the job descriptions and duties for the following positions and have determined that they meet the criteria for a safety-sensitive position as set forth in the Policy, in that:

Safety-sensitive employees are those employees who discharge duties fraught with risks of injury to others that even a momentary lapse of concentration can have disastrous consequences. Factors which have been considered in determining whether a position is safety sensitive include handling of potentially dangerous machinery, sharp objects, working at heights, positions requiring a high level of cognitive function, mostly unsupervised responsibility for children, and handling of hazardous substances in an environment where others could be injured. Positions which have been found to be safety-sensitive include firefighters, emergency medical technicians, law enforcement officials who carry firearms, fire and police dispatchers, 911 operators, heavy machinery operators, forklift operators, bus drivers, some (but not all) transportation workers, pipeline operators, gas meter repairmen, jail officers, and those involved in security functions. All Department of Transportation (DOT) regulated employees are determined to be safety-sensitive by those regulations. Unless an employee comes under drug testing regulations of some federal agency, each position, job classification or department, should be individually evaluated to determine whether the employee is safety-sensitive in accordance with the above guidelines.

Using the above criteria, the following positions have been classified by the Township as safety-sensitive: ****attached list of job classifications*** or set forth below.* Elected officials who are not otherwise classified as employees are not subject to testing under this Policy.

PROTECTION AND SAFE TREATMENT OF MINORS

I. Purpose and Scope:

Under New Jersey law (N.J.S.A. 6-8.21), an abused or neglected child is anyone “under the age of 18 who is caused harm by a parent, guardian or other person having custody or control of that minor.” A child who is under the age of eighteen (18) is considered to be abused or neglected when a parent, caregiver, another child or another adult does one of more of the following:

1. Inflicts or allows to be inflicted physical injury by other than accidental means that creates substantial harm or risk of substantial harm, and/or
2. Fails to provide proper supervision or adequate food, clothing, shelter, education or medical care although financially able or assisted to do so, and/or
3. Commits or allows to be committed an act of sexual abuse against a child.

Child abuse can have long-term effects on victims. A lack of trust and difficulty with healthy relationships is common, as is a core feeling of worthlessness and low self-esteem. There may even be long-term trouble with regulating emotions that can lead to destructive behaviors.

There are typically four common types of abuse:

- The failure to meet a child’s basic needs, physically or emotionally, which is called *neglect*.
- The intentional use of physical force that results in injury, which is called *physical abuse*.
- The practice of any behaviors that harm a child’s feelings of self-worth or emotional well-being, which is *emotional abuse*.
- Engaging in sexual acts with a child including pornography, which is *sexual abuse*.

Unfortunately, statistics reflect that abuse is all too common in any form.

- In New Jersey, abuse reports involving 80,000 children are filed each year. 50,000 of those children receive prevention and post-response services.
- 75% of the cases involve neglect, 18% of the cases involve physical abuse, and psychological abuse accounts for 7% of the cases.
- 55% of the perpetrators are female, while males account for 45%.
- Sadly, child abuse is a vicious cycle, in that 30% of abused children will later abuse their own children.

The statistics and characteristics pertaining to *sexual abuse* are sobering and equally as disheartening:

- ✓ *“Peer-to-Peer”* abuse is by far the most common, where one or more children or adolescent(s) sexually abuses or inappropriately touches another. Legally, the abuser must

- ✓ be at least 4 years older to trigger the statute. The *American Psychological Association* reports this type of abuse is driven by power and dominance, the same factors that drive bullying within this age group. In fact, bullying can be a precursor to sexual abuse, especially when there is a lack of supervision.
- ✓ In contrast, “*adult-to-child*” abuse is typically thought out and planned in advance, demanding access and privacy and control. These three factors demand a specific type of relationship and setting, meaning that 90% of juvenile sexual abuse victims know their abuser. The scope of the problem is massive: by the age of 18, 1 in 4 girls and 1 in 6 boys have experienced sexual abuse. From those figures, 88% of those molestations are attributed to individuals with pedophilia. ***Pedophilia is a psychotic disorder in which an adult or adolescent demonstrates a primary sexual attraction to prepubescent children.*** It is important, however, not to confuse pedophilia with actual child molestation, as many pedophiles never act on their attractions.
- ✓ Child sexual abusers are not always easy to spot. Though 7 out of every 8 molesters are male, they match the general population in ethnicity, religion, education, and marital status. So there is no stereotype, especially since abusers go to great lengths to blend in. However, only 10% of them abuse children that they don’t know, and 68% look no further than their own families for victims.
- ✓ 40% of abusers first begin molesting children before they themselves reach the age of 15, and the vast majority before the age of 20.
- ✓ Adolescent abusers generally begin their acts of abuse on younger siblings.
- ✓ Most sexual abuse occurs within the family. However, molesters can gain access to children outside of their own families through employment or volunteer work with an organization that works primarily with children. This allows them both time alone with potential victims and the ability to build trust and credibility. In fact, child abusers are often known and respected in their communities for dedication to children.
- ✓ In terms of a victim profile, it is important to remember that, although there are characteristics that make some children more vulnerable, every child is in danger. Passive, lonely or troubled children, especially those who live with step-parents or single parents may be targeted. Children between the ages of 7 and 13 years old are most at risk, and children from low socioeconomic backgrounds or rural areas are more likely to be victimized.
- ✓ Molesters have behavioral patterns that can be identified as “*grooming*” their victims. Sexual abuse is rarely violent. The molester’s goal is to solicit compliance by beginning to win the victim’s trust. There might be pet names, gifts to foster exclusivity and encouragement to “keep secrets.” The molester might begin to spend time with the victim outside of the regular program or schedule, contacting parents to become involved in a

child's life in some capacity, like babysitting. For this reason, many parents are shocked after abuse comes to light simply because the abuser seemed trustworthy. Inevitably, the favoritism is not enough to keep the victim silent any more, and the abuser resorts to threats—threats that play off of a child's guilt over the sexual contact.

- ✓ During the grooming process and abuse, victims often begin to show signs such as sexual behaviors or strong sexual language that is too adult for their age. Many children feel at fault after the abuse and begin to suffer guilt and depression, even resorting to self-harm. They may begin to display cuts and scratches or other self-inflicted injuries. However, some children are naïve and unaware of the gravity of the abusive nature of their experience. Research shows that children often delay reporting sexual abuse. They should not be disbelieved just because they waited a long time to seek help.

In the State of New Jersey every level of government has a role in protecting minors.

- At the State level:
 - State law is enforced through the NJ Family Division of the State court system. The court has broad powers including the ability to remove children from dangerous situations
 - The Department of Children and Families, specifically the Division of Child Protection and Permanency, combines all state operations intended to safeguard children into a single, coordinated program working closely with the Courts, legal advocates and law enforcement.
 - The Department of Corrections operates adult prisons and youth correctional centers to deal with perpetrators, while individual counties operate youth detention centers and special purpose schools.
- At the local level:
 - Educational professionals have the most contact with children, meaning they are often the first to detect issues.
 - Housing Authority employees may also frequently come into contact with children.
 - Municipalities and counties operate or sponsor a variety of programs that involve children including but not limited to:
 - Recreation programs
 - Before and After Care programs
 - Youth sports leagues
 - Youth centers
 - Youth in Government programs

- Junior law enforcement training programs
- The role of **Police and law enforcement agencies** is especially important. Police officers assist in resolving reported situations, often acting as first identifiers. In New Jersey, police are given broad authority to protect children, including the authority to remove them from their parents or caregivers without a court order if necessary to prevent imminent danger to a child. Under the **Prevention of Domestic Violence Act**, a law enforcement officer must make an arrest when the officer finds “probable cause” that domestic violence has occurred. This holds even if the victim refuses to make a complaint. The Act is invoked in situations where the victim exhibits signs of injury caused by domestic violence, when a warrant is in effect, or when there is probable cause to believe that a weapon has been involved in an act of domestic violence. Abusers often use psychological tactics or coercive control over their partners, such as making threats to prevent a victim from leaving or contacting friends, family or police. But even if these conditions are not met, an officer may still make an arrest or sign a criminal complaint if there is probable cause to believe acts of domestic violence have been committed. Now if there is no visible sign of injury but the victim states that an injury did, in fact, occur, the officer must take other factors into consideration in determining probable cause.

The Employer is committed to the safety of all individuals in its community, however, the Employer has particular concern for those who are potentially vulnerable, including minor children. The Employer regards the abuse of children as abhorrent in all its forms and pledges to hold its officials, employees and volunteers to the highest standards of conduct in interacting with children. Statistics show that 93% of victims under the age of 18 know the abuser. Further, a perpetrator does not have to be an adult to harm a child but are typically in a caregiver role. They can have any relationship to the child including a playmate, family member, a teacher, a coach, or instructor.

The Employer is fully committed to protecting the health, safety and welfare of minors who interact with officials, employees, and volunteers of the Employer to the maximum extent possible. These Policy and Procedures establish the guidelines for officials, employees, and volunteers who set policy for the Employer or may work with or interact with individuals under 18 years of age, and those who supervise employees, and volunteers who may work with or interact with individuals under 18 years of age, with the goal of promoting the safety and wellbeing of minors.

All officials, employees, and volunteers are responsible for understanding and complying with this policy.

III. Policy:

The Employer is charged with protecting the health, safety, and welfare of all its citizens, including children under the age of 18. To that end, the Employer is firmly committed to protecting children under the care and supervision of the Employer from all forms of physical, mental, sexual and emotional abuse. The Employer is committed to establishing and implementing safeguards to eliminate opportunities for abuse of children entrusted to the care of the Employer. The procedures outlined below shall apply to all officials, employees, and volunteers of the Employer.

IV. Recruitment and Hiring of Employees and Vetting of Individuals Volunteering Their Time:

- i. All prospective employees and volunteers shall undergo a thorough and complete background check, including but not limited to a fingerprint identification check, credit check, motor vehicle record check, reference check (personal and professional), and a check of the Megan's Law directory for New Jersey and any other State where the applicant previously resided. *Written documentation of the background check shall be maintained by the Employer in perpetuity.*
- ii. Background checks that disclose any negative or questionable results must be reviewed and approved by the Employer prior to the individual being hired and/or working with minors. Provisional hiring is not permitted.
- iii. All prospective employees and volunteers must complete the training adopted by the Employer PRIOR TO starting employment or volunteer service. In addition to completing the training course adopted by the Employer, all volunteer coaches shall complete the Rutgers SAFETY Clinic course (*Sports Awareness for Educating Today's Youth*™) which is a three-hour program that meets the "Minimum Standards for Volunteer Coaches Safety Orientation and Training Skills Programs" under (N.J.A.C. 5:52) and provides partial civil immunity protection to volunteer coaches under the "Little League Law" (2A:62A-6 et. seq.)
- iv. The Employer shall annually re-check and document the Megan's Law directory for New Jersey to make certain that current employees are not listed.
- v. Once employed, authorized Adults who are employed are required to notify the appropriate Human Resources representative of an arrest (charged with a misdemeanor or felony) or conviction for an offense within 72 hours of knowledge of the arrest or conviction.

V. Procedures and Responsibilities of Officials:

Under New Jersey Law, an official may be held liable for the abuse or neglect of a child if he or she fails to implement appropriate safeguards to protect the child while the minor has been entrusted to the care of the Employer. Most importantly, recent changes in the law in New Jersey

extended the statute of limitations for child abuse and neglect cases substantially, thus placing local officials and employees at a far greater risk.

A valid cause of action can be filed by an alleged victim well after the official has left office. It is, therefore, critically important for officials to establish and monitor policies and procedures designed to safeguard minors entrusted to the care of the Employer.

➤ Officials of the Employer are required to :

- i. Complete the initial training course adopted by the Employer, and any updated/refreshers course, in order to better understand their legal duties and responsibilities under Federal and NJ State Law. The training program will include the following concepts:
 - Recognizing the signs of abuse and neglect of minors.
 - Establishing guidelines for protecting minors from emotional and physical abuse and neglect.
 - Understanding and being prepared to implement the procedures necessary to eliminate opportunities for abuse.
 - Becoming familiar with the legal requirements to report suspected cases of abuse.
 - Fully understanding the legal consequences for not being diligent in making certain that employees of the Employer adhere to all policies and procedures as adopted.
- ii. Meet **annually** with all Department Heads to review the “Policy Addressing Sexual Abuse of Minors”, and to verify that the administration is adhering to this policy which includes all of the following provisions. *If the policy is not being adhered to, it is the legal obligation of the officials of the Employer to implement whatever changes are necessary as soon as possible to make certain the policy is followed.*
- iii. Conduct **random and unannounced** visits to program sites to observe the setup of the programs and conduct of the employees and volunteers of the Employer.

VI. **Program Procedures:**

All Employer programs operated by, sponsored by, or affiliated with the Employer shall comply with the following procedures. All officials, employees, and volunteers who interact with or could possibly interact with minors, and those employees who supervise employees who interact with or could possibly interact with minors, shall adhere to the following policy.

VII. **Specific Program Procedures:**

The following policies shall apply to **all programs** offered by, sponsored by or affiliated with the Employer. As an essential element of compliance with the overall objective of protecting and addressing the safe treatment of minors, the Employer shall:

- a. Establish a written procedure for the notification of the minor's parent/legal guardian in case of an emergency, including medical or behavioral problem, natural disasters, or other significant program disruptions. Authorized Adults with the program, as well as participants and their parents/legal guardians, must be advised of this procedure in writing prior to the participation of the minors in the program. In addition, (the local unit type) shall provide information to parents or legal guardians detailing the manner in which the participant can be contacted during the program.

- Staff members will appear neat, clean, and appropriately attired.
- Staff members will refrain from intimate displays of affection towards others in the presence of children, parents and staff.
- Staff members are required to refrain from texting, and posting or checking any of the social media outlets while they are working or volunteering. The only exception is for texting for the purposes of communicating with another staff member or parent regarding a programmatic issue pertaining to a child.
- Staff members are prohibited from buying gifts for program participants.

In addition to the Code of Conduct, the following shall be a part of the specific program provisions:

- The possession or use of alcohol and other drugs, fireworks, guns and other weapons is prohibited.
- The Employer shall set forth rules and procedures governing when and under what circumstances participants may leave the Employer property during the program.

1. One staff member for every six participants ages 4 and 5
 2. One staff member for every eight participants ages 6 to 8
 3. One staff member for every ten participants ages 9 to 14
 4. One staff member for every twelve participants ages 15 to 17
- Responsibilities of the counselors must include, at a minimum, informing program participants about safety and security procedures, rules established by the program, and behavioral expectations. Counselors are responsible for following and enforcing all rules and must be able to provide information included herein to program participants and be able to respond to emergencies.

Specific Policy and Procedures for Use of Restrooms by Children/Minors:

- All restrooms shall be checked in advance by staff persons before minor children enter to make certain that no other individuals are present.
- Staff members (of the same sex) are to stand guard at the doorway to make certain that no one else enters the restroom while a child is there. Children should not be permitted enter restrooms in pairs or in groups, unless it is absolutely necessary.

VIII. Procedures for Law Enforcement Officers:

Law enforcement officers of the Employer frequently interact with minors in a variety of ways. It is important to establish guidelines to assist law enforcement officers in being aware of how to act and react in these circumstances. To that end, the Chief of Police or his or her designee of the Employer shall formulate a written policy addressing the safe treatment of minors for consideration and approval by the governing body for law enforcement officers who interact with minors.

The policy shall, at a minimum, incorporate and address the following:

- a. **Transporting minors in a police vehicle.** Whenever possible, victims or alleged victims of sexual assault or other crimes, or minors removed from a situation for protective purposes, shall be transported by two officers (at least one of whom shall be of the same sex as the victim) in unmarked vehicles that does not have a prisoner compartment/partition. Officers transporting a minor for whatever reason shall document starting and stopping mileage through radio contact.
- b. Directives issued by the NJ State Attorney General pertaining to interaction with minors shall be incorporated into the policy.
- c. The following provisions from the ***“Code of Conduct”*** for counselors shall be included in the policy for officers assigned to work in school settings (i.e. Class 3 officers):

X. **Reporting Suspected Child Abuse/Neglect:**

In light of the importance and priority placed on safeguarding the health and safety of minors, it is critically important that suspected cases of child abuse and neglect are reported as soon as possible. **As a government official, employee or volunteer, you are legally required to report suspected child abuse. This requirement includes all governmental officials, employees and volunteers.**

The following procedures shall be utilized in reporting suspected cases of abuse. The Employer shall also train officials, department heads, employees and volunteers in the concept of “**dual reporting**” as listed and defined below and shall encourage all staff and volunteers to utilize this process as much as possible in reporting suspected cases of abuse.

Child Abuse is hard thing to talk about, especially with victims. The most important thing to remember is to **show calm reassurance and unconditional support**. Avoid interrogation and

leading questions. Understand that denial and embarrassment are common reactions. Don't display disbelief, shock, or disgust. Instead, be reassuring. Make sure the child knows that they did nothing wrong. Reassure them that this is not their fault and make sure they know that you take it seriously.

Interviewing children to investigate sexual abuse requires highly technical expertise. ***Do not "investigate" an abuse situation. Do not interrogate the child.*** Rather report it immediately as shown below. And finally, keep safety as the priority. If there is the possibility of violence against yourself or the child, get the appropriate professionals or agencies involved as soon as possible.

It is recommended that, whenever possible, officials, employees and volunteers report the suspected abuse to both the NJ Department of Children and Families and law enforcement at the same time, which is known as "dual reporting."

For employees or volunteers of programs conducted by the Employer:

- Immediately report suspected cases to the Program Director in charge.
- The Program Director shall immediately investigate the alleged incident. The Director shall document the alleged abuse in writing including the following information, as recommended by the New Jersey Department of Children and Families:
 - a. **Who:** The child and parent/caregiver's name, age and address and the name of the alleged perpetrator and that person's relationship to the child.
 - b. **What:** Type and frequency of alleged abuse/neglect, current or previous injuries to the child and what caused you to become concerned.
 - c. **When:** When the alleged abuse/neglect occurred and when you learned of it.
 - d. **Where:** Where the incident occurred, where the child is now and whether the alleged perpetrator has access to the child.
 - e. **How:** How urgent the need is for intervention and whether there is a likelihood of imminent danger for the child.
- After documenting all of the facts surrounding the alleged abuse, the Program Director shall call the Hotline established by the NJ Department of Children and Families @ 1-877-652-2873. It is not the supervisor's role to make a decision on whether a case should be reported. All cases shall be reported.

For Volunteer coaches or other volunteers in charge of programs sponsored by or affiliated with the Employer.

1. The Volunteer shall immediately document the alleged abuse in writing including the following information, as recommended by the New Jersey Department of Children and Families:

- a. **Who:** The child and parent/caregiver's name, age and address and the name of the alleged perpetrator and that person's relationship to the child.
 - b. **What:** Type and frequency of alleged abuse/neglect, current or previous injuries to the child and what caused you to become concerned.
 - c. **When:** When the alleged abuse/neglect occurred and when you learned of it.
 - d. **Where:** Where the incident occurred, where the child is now and whether the alleged perpetrator has access to the child.
 - e. **How:** How urgent the need is for intervention and whether there is a likelihood of imminent danger for the child.
2. After documenting all of the facts surrounding the alleged abuse, the Volunteer shall call the Hotline established by the NJ Department of Children and Families @ 1-877-652-2873.

For Officials and Department Heads who witness or become aware of alleged cases of abuse or neglect:

1. The Officials and Department Heads shall immediately document the alleged abuse in writing including the following information, as recommended by the New Jersey Department of Children and Families:
 - a. **Who:** The child and parent/caregiver's name, age and address and the name of the alleged perpetrator and that person's relationship to the child.
 - b. **What:** Type and frequency of alleged abuse/neglect, current or previous injuries to the child and what caused you to become concerned.
 - c. **When:** When the alleged abuse/neglect occurred and when you learned of it.
 - d. **Where:** Where the incident occurred, where the child is now and whether the alleged perpetrator has access to the child.
 - e. **How:** How urgent the need is for intervention and whether there is a likelihood of imminent danger for the child.
 - After documenting all of the facts surrounding the alleged abuse, the Officials or Department Heads shall call the Hotline established by the NJ Department of Children and Families @ 1-877-652-2873.

➤ For ***Law Enforcement Officers:***

- Immediately report any suspected or alleged cases of abuse or neglect to the County Prosecutor.

XI. Important Information Regarding Reporting Suspected Abuse Under NJ Law:

The following guidelines have been established under New Jersey law, for those reporting suspected or alleged cases of abuse or neglect. The Employer encourages all officials, employees, and volunteers in programs operated by the Employer or affiliated programs or activities to report suspected cases of abuse with the following in mind.

- i. *Any person who, in good faith, makes a report of child abuse or neglect or testifies in a child abuse hearing resulting from such a report is immune from any criminal or civil liability as a result of such action. Calls can be placed to the hotline anonymously.*
- ii. *However, any person who knowingly fails to report suspected abuse or neglect according to the law or to comply with the provisions of the law is a disorderly person.*
- iii. *When a report indicates that a child may be at risk, an investigator from the Division of Child Protection and Permanency (formerly Youth and Family Services) will promptly investigate the allegations of child abuse and neglect within 24 hours of receipt of the report.*

XII. Acknowledgement of Receipt and Review of Policy:

All officials, employees/counselors, and volunteers shall sign and date an acknowledgement form that confirms they have received and reviewed the Policy Addressing the Protection and Safe Treatment of Minors, issued to them by the Employer. The same process shall be used for any revised policy issued in the future.

Grooming Behavior

Grooming is when someone builds a relationship, trust and emotional connection with a child or young person so they can manipulate, exploit and abuse them.

Here are some common characteristics of someone attempting to “groom” a child.

- Molesters often refer to their intended victims by pet names and use gifts to foster exclusivity and build a relationship while starting the practice of keeping secrets.
- The molester might begin to spend time with the victim outside of the regular program or schedule, contacting parents to become involved in a child’s life in some capacity, like babysitting. For this reason, many parents are shocked after abuse comes to light simply because the abuser seemed so good – too good to be true, in fact.
- Inevitably, the favoritism is not enough to keep the victim, and the abuser resorts to threats—threats that play off of a child’s guilt over the sexual contact.
- During the grooming process and abuse itself, victims often begin to show tell-tale signs including:
 - Sexual behaviors or strong sexual language that is too adult for their age.
 - Many children feel at fault after the abuse and begin to suffer guilt and depression, even resorting to self-harm.
 - Also look for cuts and scratches or other self-inflicted injuries.

If ***Entity Name*** cannot verify that the driver is participating in a controlled substances testing program in accordance with this policy and part 40 of Federal regulations, ***Entity Name*** shall conduct a pre-employment controlled substances test.
- (d) ***Entity Name*** may, but is not required to, conduct pre-employment alcohol testing under this policy. If ***Entity Name*** chooses to conduct pre-employment alcohol testing, it must comply with the following requirements:
- (1) It must conduct a pre-employment alcohol test before the first performance of safety-sensitive functions by every covered employee (whether a new employee or someone who has transferred to a position involving the performance of safety-sensitive functions).
 - (2) It must treat all safety-sensitive employees performing safety-sensitive functions the same for the purpose of pre-employment alcohol testing (i.e., it must not test some covered employees and not others).
 - (3) It must conduct the pre-employment tests after making a contingent offer of employment or transfer, subject to the employee passing the pre-employment alcohol test.
 - (4) It must conduct all pre-employment alcohol tests using the alcohol testing procedures of 49 CFR part 40 of Federal regulation.
 - (5) It must not allow a covered employee to begin performing safety-sensitive functions unless the result of the employee's test indicates an alcohol concentration of less than 0.04.

POST-ACCIDENT 382.303

(a) As soon as practicable following an occurrence involving a commercial motor vehicle operating on a public road in commerce, ***Entity Name*** shall test for alcohol for each of its surviving drivers:

- (1) Who was performing safety-sensitive functions with respect to the vehicle, if the accident involved the loss of human life; or
- (2) Who receives a citation within 8 hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:
 - (i) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or
 - (ii) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

(b) As soon as practicable following an occurrence involving a commercial motor vehicle operating on a public road in commerce, ***Entity Name*** shall test for controlled substances for each of its surviving drivers:

- (1) Who was performing safety-sensitive functions with respect to the vehicle, if the accident involved the loss of human life; or
- (2) Who receives a citation within thirty-two hours of the occurrence under State or local law for a moving traffic violation arising from the accident, if the accident involved:
 - (i) Bodily injury to any person who, as a result of the injury, immediately receives medical treatment away from the scene of the accident; or
 - (ii) One or more motor vehicles incurring disabling damage as a result of the accident, requiring the motor vehicle to be transported away from the scene by a tow truck or other motor vehicle.

(c) The following table notes when a post-accident test is required to be conducted by paragraphs (a)(1), (a)(2), (b)(1), and (b)(2) of this section:

<u>Type of accident involved</u>	<u>Citation issued to the CMV driver</u>	<u>Test must be performed by ***Entity Name***</u>
Human fatality	YES	YES
	NO	YES
Bodily injury with immediate medical treatment away from the scene	YES	YES
	NO	NO
Disabling damage to any motor vehicle requiring tow away	YES	YES
	NO	NO

(d) (1) Alcohol tests. If a test required by this section is not administered within two hours following the accident, ***Entity Name*** shall prepare and maintain on file a record stating the reasons the test was not promptly administered. If a test required by this section is not administered within eight hours following the accident, ***Entity Name*** shall cease attempts to administer an alcohol test and shall prepare and maintain the same record. Records shall be submitted to the FMCSA upon request.

(2) Controlled substance tests. If a test required by this section is not administered within 32 hours following the accident, ***Entity Name*** shall cease attempts to administer a controlled substances test, and prepare and maintain on file a record stating the reasons the test was not promptly administered. Records shall be submitted to the FMCSA upon request.

(e) A driver who is subject to post-accident testing shall remain readily available for such testing or may be deemed by ***Entity Name*** to have refused to submit to testing. Nothing in this section shall be construed to require the delay of necessary medical attention for injured people following an accident or to prohibit a driver from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.

(f) ***Entity Name*** shall provide drivers with necessary post-accident information, procedures and instructions, prior to the driver operating a commercial motor vehicle, so that drivers will be able to comply with the requirements of this section.

(g) (1) The results of a breath or blood test for the use of alcohol, conducted by Federal, State, or local officials having independent authority for the test, shall be considered to meet the requirements of this section, provided such tests conform to the applicable Federal, State or local alcohol testing requirements, and that the results of the tests are obtained by ***Entity Name***.

(2) The results of a urine test for the use of controlled substances, conducted by Federal, State, or local officials having independent authority for the test, shall be considered to meet the requirements of this section, provided such tests conform to the applicable Federal, State or local controlled substances testing requirements, and that the results of the tests are obtained by ***Entity Name***.

(h) Exception. This section does not apply to:

(1) An occurrence involving only boarding or alighting from a stationary motor vehicle; or

(2) An occurrence involving only the loading or unloading of cargo; or

(3) An occurrence in the course of the operation of a passenger car or a multipurpose passenger vehicle (as defined in 571.3) by ***Entity Name*** unless the motor vehicle is transporting passengers for hire or hazardous materials of a type and quantity that require the motor vehicle to be marked or placarded in accordance with 177.823.

RANDOM 382.305

- (a) ***Entity Name*** shall comply with the requirements of this section. Every driver shall submit to random alcohol and controlled substance testing as required in this section.
- (b) (1) Except as provided in paragraphs (c) through (e) of this section, the minimum annual percentage rate for random alcohol testing shall be 10 percent of the average number of driver positions.
- (2) Except as provided in paragraphs (f) through (h) of this section, the minimum annual percentage rate for random controlled substances testing shall be 25 percent of the average number of driver positions.
- (c) (1) The selection of drivers for random alcohol and controlled substances testing shall be made by a scientifically valid method, such as a random number table or a computer-based random number generator that is matched with drivers' Social Security numbers, payroll identification numbers, or other comparable identifying numbers.
- (2) Each driver selected for random alcohol and controlled substances testing under the selection process used, shall have an equal chance of being tested each time selections are made.
- (3) Each driver selected for testing shall be tested during the selection period.
- (d) (1) To calculate the total number of covered drivers eligible for random testing throughout the year, ***Entity Name***, must add the total number of covered drivers eligible for testing during each random testing period for the year and divide that total by the number of random testing periods. Covered employees, and only covered employees, are to be in ***Entity Name***'s random testing pool, and all covered drivers must be in the random pool. If ***Entity Name*** conducts random testing more often than once per month (e.g., daily, weekly, bi-weekly) ***Entity Name*** does not need to compute this total number of covered drivers rate more than on a once per month basis.
- (2) ***Entity Name*** may use a service agent (e.g., a C/TPA) to perform random selections and covered drivers may be part of a larger random testing pool of covered employees. However, ***Entity Name*** must ensure that the service agent is testing at the appropriate percentage established for FMCSA and that only covered employees are in the random testing pool
- (e) (1) ***Entity Name*** shall ensure that random alcohol and controlled substances tests conducted under this policy are unannounced.
- (2) ***Entity Name*** shall ensure that the dates for administering random alcohol and controlled substances tests are spread reasonably throughout the calendar year.
- (f) ***Entity Name*** shall require that each driver who is notified of selection for random alcohol and/or controlled substances testing proceeds to the test site immediately; provided, however, that if the driver is performing a safety-sensitive function, other than driving a commercial motor vehicle, at the time of notification, ***Entity Name*** shall instead ensure that the driver ceases to perform the safety-sensitive function and proceeds to the testing site as soon as possible.
- (g) A driver shall only be tested for alcohol while the driver is performing safety-sensitive functions, just before the driver is to perform safety-sensitive functions, or just after the driver has ceased performing such functions.
- (h) If a given driver is subject to random alcohol or controlled substances testing under the random alcohol or controlled substances testing rules of more than one DOT agency for ***Entity Name***, the driver shall be subject to random alcohol and/or controlled substances testing at the annual percentage rate established for the calendar year by the DOT agency regulating more than 50 percent of the driver's function.

(i) If ***Entity Name*** is required to conduct random alcohol or controlled substances testing under the alcohol or controlled substances testing rules of more than one DOT agency, ***Entity Name*** may--

(1) Establish separate pools for random selection, with each pool containing the DOT-covered employees who are subject to testing at the same required minimum annual percentage rate; or

(2) Randomly select such employees for testing at the highest minimum annual percentage rate established for the calendar year by any DOT agency to which ***Entity Name*** is subject.

REASONABLE SUSPICION 382.307

(a) ***Entity Name*** shall require a driver to submit to an alcohol test when ***Entity Name*** has reasonable suspicion to believe that the driver has violated the prohibitions of Section B of this policy concerning alcohol. ***Entity Name***'s determination that reasonable suspicion exists to require the driver to undergo an alcohol test must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the driver.

(b) ***Entity Name*** shall require a driver to submit to a controlled substances test when there is reasonable suspicion to believe that the driver has violated the prohibitions of Section B of this policy concerning controlled substances. ***Entity Name***'s determination that reasonable suspicion exists to require the driver to undergo a controlled substances test must be based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech or body odors of the driver. The observations may include indications of the chronic and withdrawal effects of controlled substances.

(c) The required observations for alcohol and/or controlled substances reasonable suspicion testing shall be made by a supervisor or an official of ***Entity Name*** who is trained in accordance with 382.603. The person who makes the determination that reasonable suspicion exists to conduct an alcohol test shall not conduct the alcohol test of the driver. *If the employee insists on driving, the proper local enforcement authority should be notified that an employee, who we believe may be under the influence of a drug or alcohol, is leaving Township premises driving a motor vehicle.*

(d) Alcohol testing is authorized by DOT/FMCSA regulations only if the observations required by paragraph (a) of this section are made during, just preceding, or just after the period of the work day that the driver is required to be in compliance with the Federal regulation. A driver may be directed by ***Entity Name*** to only undergo reasonable suspicion alcohol testing while the driver is performing safety-sensitive functions, just before the driver is to perform safety-sensitive functions, or just after the driver has ceased performing such functions.

(e) (1) If an alcohol test required by DOT/FMCSA regulations is not administered within two (2) hours following the determination under paragraph (a) of this section, ***Entity Name*** shall prepare and maintain on file a record stating the reasons the alcohol test was not promptly administered. If an alcohol test required by DOT/FMCSA regulations is not administered within eight (8) hours following the determination under paragraph (a) of this section, ***Entity Name*** shall cease attempts to administer an alcohol test and shall state in the record the reasons for not administering the test.

(2) Notwithstanding the absence of a reasonable suspicion alcohol test under DOT/FMCSA regulations, no driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions while the driver is under the influence of or impaired by alcohol, as shown by the behavioral, speech, and performance indicators of alcohol misuse, nor shall ***Entity Name*** permit the driver to perform or continue to perform safety-sensitive functions, until:

(i) An alcohol test is administered and the driver's alcohol concentration measures less than 0.02; or

(ii) Twenty four (24) hours have elapsed following the determination under paragraph (a) of this section that there is reasonable suspicion to believe that the driver has violated the prohibitions in this policy concerning the use of alcohol.

(3) Except as provided in paragraph (e)(2) of this section, ***Entity Name*** shall take no action under this policy against a driver based solely on the driver's behavior and appearance, with respect to alcohol use, in the absence of an alcohol test. This does not prohibit ***Entity Name*** with independent authority of DOT/FMCSA regulations from taking any action otherwise consistent with law.

(f) A written record shall be made of the observations leading to an alcohol or controlled substances reasonable suspicion test, and signed by the supervisor or an official of ***Entity Name*** who made the observations, with 24 hours of the observed behavior or before the results of the alcohol or controlled substances tests are released, whichever is earlier.

RETURN-TO-DUTY 382.309

The requirements for return-to-duty testing must be performed in accordance with 49 CFR part 40, Subpart O, including that such tests will be collected under direct observation.

FOLLOW-UP 382.311

The requirements for follow-up testing must be performed in accordance with 49 CFR part 40, Subpart O, including that such tests will be collected under direct observation.

(a) ***Entity Name*** shall prepare and maintain a summary of the results of its alcohol and controlled substances testing programs performed under this part during the previous calendar year, when requested by the Secretary of Transportation, any DOT agency, or any State or local officials with regulatory authority over ***Entity Name*** or any of its drivers.

(b) If ***Entity Name*** is notified, during the month of January, of a request by the Federal Motor Carrier Safety Administration to report ***Entity Name***'s annual calendar year summary information, ***Entity Name*** shall prepare and submit the report to the FMCSA by March 15 of that year. ***Entity Name*** shall ensure that the annual summary report is accurate and received by March 15 at the location that the FMCSA specifies in its request. ***Entity Name*** must use the Management Information System (MIS) form and instructions as required by 49 CFR part 40 (at Sec. 40.26 and appendix H to part 40). ***Entity Name*** may also use the electronic version of the MIS form provided by the DOT. Nothing in this paragraph (c) shall prohibit a MRO or a C/TPA from releasing to the employer, the Clearinghouse (once established), or to the Secretary of Transportation, any DOT agency, or any State or local officials with regulatory authority over the controlled substances and alcohol testing program under this part, the information delineated in part 40, subpart G.

EMPLOYER NOTIFICATIONS 382.411

(c) The designated employer representative (DER) shall immediately notify the medical review officer that the driver has been notified to contact the medical review officer within 24 hours.

INQUIRIES FOR ALCOHOL AND CONTROLLED SUBSTANCES INFORMATION FROM PREVIOUS EMPLOYERS 382.413

(a) ***Entity Name*** must request alcohol and controlled substances information from previous employers in accordance with the requirements of § 40.25, except that the Township must request information from all DOT-regulated employers that employed the driver within the previous 3 years and the scope of the information requested must date back 3 years.

(b) As of January 6, 2023, employers must use the Drug and Alcohol Clearinghouse in accordance with § 382.701(a) to comply with the requirements of § 40.25 of this title with respect to FMCSA-regulated employers. **Exception:** When an employee who is subject to follow-up testing has not successfully completed all follow-up tests, employers must request the previous employer's follow-up testing plan directly from the previous employer in accordance with § 40.25(b)(5).

(c) If an applicant was subject to an alcohol and controlled substance testing program under the requirements of a DOT Agency other than FMCSA, the Township must request the alcohol and controlled substances information required under this section and § 40.25 directly from those employers regulated by a DOT Agency other than FMCSA.

NOTIFICATION TO EMPLOYERS OF A CONTROLLED SUBSTANCES OR ALCOHOL TESTING PROGRAM VIOLATION 382.415

Each person holding a commercial driver's license and subject to the DOT controlled substances and alcohol testing requirements under § 382 who has violated the alcohol and controlled substances prohibitions under part 40 or under § 382 without complying with the requirements of part 40, subpart O, must notify in writing all current employers of such violation(s). The driver is not required to provide notification to the employer that administered the test or documented the circumstances that gave rise to the violation. The notification must be made before the end of the business day following the day the employee received notice of the violation, or prior to performing any safety-sensitive function, whichever comes first.

SECTION E - CONSEQUENCES FOR DRIVERS ENGAGING IN SUBSTANCE USE-RELATED CONDUCT

REMOVAL FROM SAFETY-SENSITIVE FUNCTION 382.501

(a) Except as provided in Section F of this policy, no driver shall perform safety-sensitive functions, including driving a commercial motor vehicle, if the driver has engaged in conduct prohibited by Section B of this policy or an alcohol or controlled substances rule of another DOT agency.

(b) ***Entity Name*** shall not permit any driver to perform safety-sensitive functions, including driving a commercial motor vehicle, if ***Entity Name*** has determined that the driver has violated this policy.

(c) For the purposes of DOT/FMCSA regulations, commercial motor vehicle means a commercial motor vehicle in commerce as defined in 382.107 and a commercial motor vehicle in interstate commerce as defined in part 390.

REQUIRED EVALUATION AND TESTING 382.503

No driver who has engaged in conduct prohibited by Section B of this policy shall perform safety-sensitive functions, including driving a commercial motor vehicle, unless the driver has met the requirements of 49 CFR part 40, Subpart O. ***Entity Name*** shall not permit a driver who has engaged in conduct prohibited by Section B of this policy to perform safety-sensitive functions, including driving a commercial motor vehicle, unless the driver has met the requirements of 49 CFR part 40, Subpart O.

OTHER ALCOHOL-RELATED CONDUCT 382.505

(a) No driver tested under the provisions of Section C of this policy who is found to have an alcohol concentration of 0.02 or greater but less than 0.04 shall perform or continue to perform safety-sensitive functions for ***Entity Name***, including driving a commercial motor vehicle, nor shall ***Entity Name*** permit the driver to perform or continue to perform safety-sensitive functions, until the start of the driver's next regularly scheduled duty period, but not less than 24 hours following administration of the test.

(b) Except as provided in paragraph (a) of this section, ***Entity Name*** shall not take any action under this policy against a driver based solely on test results showing an alcohol concentration less than 0.04. This does not prohibit ***Entity Name*** with authority independent of this policy from taking any action otherwise consistent with law.

*The use or possession of alcoholic beverages while on ***Entity Name***'s property, or in any of ***Entity Name***'s vehicle, or on ***Entity Name***'s time, including breaks or lunch, paid or unpaid, on any shift, is strictly prohibited.*

*Employees who are not at work, but who could be called out are expected to be fit for duty upon reporting for work. If an employee is under the influence of alcohol, the employee must notify ***Entity Name***'s personnel when contacted. Failure to advise ***Entity Name*** of alcohol consumption may result in disciplinary action. If a covered employee is perceived to be under the influence of alcohol when reporting to work after being called in, the employee's supervisor must be notified.*

The supervisor must objectively observe the employee's behavior and if possible, substantiate the behavior with a second supervisor. Supervisors must have received training in alcohol and/or substance abuse detection. The supervisor must follow procedures outlined in the policy. If a determination to test for reasonable suspicion is made, the employee is immediately removed from safety-sensitive duties and the DER is contacted.

PENALTIES 382.507

Entity Name and/or driver who violates the FMCSA requirements of § 382 and/or 49 CFR part 40 shall be subject to the civil and/or criminal penalty provisions of 49 U.S.C. Section 521(b).

The purpose of ***Entity Name*** Policy update in advance of the Compliance Date of January 6, 2020 as mandated by § 382.601: 1) is part of the Township’s efforts to meet its *Employer Obligation to Promulgate a Policy on the Misuse of Alcohol and Use of Controlled Substance*; 2) to publish educational materials to drivers about the Clearinghouse and other regulatory changes contained in the Final Rule issued December 5, 2016; and 3) to notify drivers that drug and alcohol test information will be reported to the Clearinghouse beginning January 6, 2020 so as to encourage drivers to seek substance abuse treatment if they currently have a problem with the misuse of alcohol and/or use of controlled substance(s).

DRUG AND ALCOHOL CLEARINGHOUSE 382.701

(a) Pre-employment query required.

(1) Employers must not employ a driver subject to controlled substances and alcohol testing to perform a safety-sensitive function without first conducting a pre-employment query of the Clearinghouse to obtain information about whether the driver has a verified positive, adulterated, or substituted controlled substances test result; has an alcohol confirmation test with a concentration of 0.04 or higher; has refused to submit to a test in violation of § 382.211; or that an employer has reported actual knowledge, as defined at § 382.107, that the driver used alcohol on duty in violation of § 382.205, used alcohol before duty in violation of § 382.207, used alcohol following an accident in violation of § 382.209, or used a controlled substance, in violation of § 382.213.

(2) ***Entity Name*** must conduct a full query under this section, which releases information in the Clearinghouse to an employer and requires that the individual driver give specific consent.

(b) Annual query required.

(1) ***Entity Name*** must conduct a query of the Clearinghouse at least once per year for information for all employees subject to controlled substance and alcohol testing under 382, to determine whether information exists in the Clearinghouse about those employees.

(2) In lieu of a full query, as described in paragraph (a)(2) of 382.701, ***Entity Name*** may obtain the individual driver’s consent to conduct a limited query to satisfy the annual query requirement in paragraph (b)(1) of this section. The limited query will tell ***Entity Name*** whether there is information about the individual driver in the Clearinghouse, but will not release that information to ***Entity Name***. The individual driver may give consent to conduct limited queries that is effective for more than one year.

(3) If the limited query shows that information exists in the Clearinghouse about the individual driver, the employer must conduct a full query, in accordance with paragraph (a)(2) of 382.701, within 24 hours of conducting the limited query. If the employer fails to conduct a full query within 24 hours, the employer must not allow the driver to continue to perform any safety-sensitive function until the employer conducts

the full query and the results confirm that the driver's Clearinghouse record contains no prohibitions as defined in paragraph (d) of 382.701.

(c) *Employer notification.* If any information described in paragraph (a) of 382.701 is entered into the Clearinghouse about a driver during the 30-day period immediately following an employer conducting a query of that driver's records, FMCSA will notify the employer.

(d) *Prohibition.* No employer may allow a driver to perform any safety-sensitive function if the results of a Clearinghouse query demonstrate that the driver has a verified positive, adulterated, or substituted controlled substances test result; has an alcohol confirmation test with a concentration of 0.04 or higher; has refused to submit to a test in violation of § 382.211; or that an employer has reported actual knowledge, as defined at

§ 382.107, that the driver used alcohol on duty in violation of § 382.205, used alcohol before duty in violation of § 382.207, used alcohol following an accident in violation of § 382.209, or used a controlled substance in violation of § 382.213, except where a query of the Clearinghouse demonstrates:

(1) That the driver has successfully completed the SAP evaluation, referral, and education/treatment process set forth in part 40, subpart O, of this title; achieves a negative return-to-duty test result; and completes the follow-up testing plan prescribed by the SAP.

(2) That, if the driver has not completed all follow-up tests as prescribed by the SAP in accordance with § 40.307 and specified in the SAP report required by § 40.311, the driver has completed the SAP evaluation, referral, and education/treatment process set forth in part 40, subpart O, and achieves a negative return-to-duty test result, and the employer assumes the responsibility for managing the follow-up testing process associated with the testing violation.

(e) *Recordkeeping required.* Employers must retain for 3 years a record of each query and all information received in response to each query made under this section. As of January 6, 2023, an employer who maintains a valid registration fulfills this requirement.

DRIVER CONSENT TO PERMIT ACCESS TO INFORMATION IN THE CLEARINGHOUSE 382.703

(a) No employer may query the Clearinghouse to determine whether a record exists for any particular driver without first obtaining that driver's written or electronic consent. The employer conducting the search must retain the consent for 3 years from the date of the last query.

(b) Before ***Entity Name*** may access information contained in the driver's Clearinghouse record, the driver must submit electronic consent through the Clearinghouse granting the employer access to the following specific records:

(1) A verified positive, adulterated, or substituted controlled substances test result;

(2) An alcohol confirmation test with a concentration of 0.04 or higher;

(3) A refusal to submit to a test in violation of § 382.211;

- (5) A SAP report of the successful completion of the return-to-duty process;
- (6) A negative return-to-duty test; and
- (7) An employer's report of completion of follow-up testing.

(c) No employer may permit a driver to perform a safety-sensitive function if the driver refuses to grant the consent required by paragraphs (a) and (b) of 382.703.

(d) A driver granting consent under 382.703 must provide consent electronically to the Agency through the Clearinghouse prior to release of information to an employer in accordance with § 382.701(a)(2) or (b)(3).

(e) A driver granting consent under this section grants consent for the Agency to release information to an employer in accordance with § 382.701(c).
